SPECIFICATIONS

Overview

"Karma's" knowledgeable owner has preformed all necessary maintenance and updates to ensure a survey ready vessel. Her meticulous owner has decided to down size making this beautifully maintained Pama LX540 a great opportunity. If you are in the market "Karma" is a must see before making your decision.

The Lines of the Pama LX540 are thoroughly modern, with softened curves, sweptback windshield and European transom. The nearly full beam salon is a showplace for the ribbed grained mahogany as well as the craftsmanship of the woodworkers.

Underway the Pama LX540 is well behaved and in spite of having a lot of optional gear and larger tankage, it still cruises comfortably at 20 knots. Karma performs with smooth confidence, has an interior which rivals many far more expensive offerings and has a layout which will allow you to relax into a languid state in a matter of minutes from stepping on board.

DYSID:3141687
