# SPECIFICATIONS

---

## Overview

---

"Breakin Wind" is a stand out Bayliner 3888 that has the added benefit of having her Hino engines replaced with a set of 210hp Cummins. These reliable power plants are much easier for parts, service and give extra torque making docking even easier. The 3888 has a terrific two stateroom two head layout that even features a tub/shower. Both staterooms have double berths and the salon is spacious with a galley down and also a lower helm. Seating is plentiful around the flybridge and the canvas enclosure is in excellent condition. A large cockpit with an easy door access to the engine room rounds out an excellent cruising package all in 38 feet!

## Basic Information

---
