SPECIFICATIONS

Overview

Classic Hatteras 53' Motoryacht located in Pompano Beach Florida. She has spent the last several years cruising in the Virgin Islands. She has undergone interior upgrades and upholstery. Engines rebuilt two years ago

Analisa is ready to cruise or live aboard. She must be considered by any serious motor yacht buyer.

Beginning in 1978 Hatteras redesigned the fly bridge of the 53 Motor yacht with a new low profile bridge giving the 53 Motor yacht a new modern appearance. The steering console was redesigned with new seating forward and to be below the Captains line of sight for good visibility. Captain and Co- captain swivel seats at the helm. This arrangement allows for easy movement, visibility on the bridge for owner and passengers.

The port and stbd. deck doors on the main deck allows the captain and crew easy access to the side deck fore and aft for line handling and docking.

Along with the new bridge Hatteras also re designed the aft cabin with a queen walk around berth, ideal for cruising couples.

With the French doors opening to the aft deck and the wing doors port and stbd. the after deck becomes an open-air porch or enclosed area extending the saloon.

The layout of the 53 Motor yacht with 3 cabins, 3 heads with 3 stalls showers, large galley with dinette full size home style refrigerator and three separate cabins on the lower lever affords the Captain and crew comfort and privacy.

The quality for the Hatteras is world renown, the innovative and timeless design of the 53 Motor yacht has proved to be the favorite of many discriminating Yachtsmen and women worldwide.
