SPECIFICATIONS

Overview

Currently, Liquid Assets is the ONLY 70 on the market with very well thought out custom upgrades from the factory.

As impressive as her condition is, her list of upgrades is even more remarkable, including: upgraded aft and flybridge stereo (JL Audio 8 speakers, 3 subwoofers, 2 amps), touchscreen controlled stereo in MSR, Direct TV satellite antennas, Garmin electronics, Apple TV in master and salon, onboard Cradlepoint WiFi system, Admiral Canvas flybridge enclosure, GYRO stabilizer, AB tender with 30hp Yamaha with extended warranty until 3/24/19, and the list goes on and on.

Don't miss a rare opportunity to get a yacht that is better than new in Liquid Assets.
DYSID:3140371

Basic Information

Category: Motor Yacht

Sub Category: Flybridge

Model Year: 2017

Year Built: 2017

Country: United States

Dimensions

LOA: 70' 0" (21.34m)

LWL: 57' 10" (17.63m)

Beam: 18' 2" (5.54m)

Min Draft: 5' 7" (1.70m)

Speed, Capacities and Weight

Cruise Speed: 28 Kts. (32 MPH)

Max Speed: 32 Kts. (37 MPH)

Displacement: 93255 Pounds

Water Capacity: 262 Gallons

Fuel Capacity: 977 Gallons

Accommodations

Total Cabins: 4

Total Berths: 6

Total Heads: 3

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: MAN

Model: 8V -1200

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

- AIGEAN MAP7 Dual band marine access point - Full wifi coverage for entire boat

- PAKEDGE SX-24P8 Managed Switch- 24 Port Managed gigabit switch
- CONCORD 24-12 70 AMP DC Converter input 19-35 output

Ferretti Vessel Description

Improving constantly, never settling for second best, always going beyond the Owners' and the yachting world's taste and expectations: only such a production philosophy can lie behind and explain the launch of a new model that perfects a previous, very successful one.

The new Ferretti Yachts 700 is indeed the evolution of one of the greatest recent successes for Ferretti Group's historical brand. This new model, which is the outcome of the long-standing cooperation between Zuccon International Project and Ferretti Group's Engineering Department, offers the best an Owner can expect in terms of both seaworthiness and onboard comfort, besides boasting innovative functional and aesthetic solutions that are bound to become key features in the brand's forthcoming yachts.

The superstructure conveys a sense of sophisticated lightness: the dark long deck glazing, in the same color as the stanchions, 'cuts' across the yacht's profile from stern to bow. The glazing follows the lowering of the gunwale in the central part of the boat, where the living room can be found, thereby reflecting on the outside the main deck interior layout, while increasing the general sense of lightness that pervades the entire craft. The lowering in the glazing also lets in plenty of natural light and offers guests and the crew alike the widest possible view on the surrounding landscape.

The Ferretti Yachts 700's aerodynamic design is most apparent in the elongated tail, surmounted by a roll bar housing satellite systems and antennas and characterized by a new color shade, called 'Vulcan Grey'. Starting from the Ferretti Yachts 700, this warm grey shade will become the brand's second color, and will be used on all accessory systems (roll bars, hard tops...), in contrast with the white shade of the hull and the superstructure. The installation of all antennas in the roll bar will also make it possible to free up the aft area of the flybridge of any and all technical elements, thereby offering the Owner a panoramic terrace that can be furnished with free standing furniture.

Two MAN engines are installed in the engine room - one single space that, besides the engines, hosts all systems and wheel controls. Ferretti Yachts proposes two V8 1000 Mhp engines, allowing to reach a maximum speed of 28.5 knots and a cruising speed of 25 knots. As an alternative, the yacht can be equipped with two more powerful, 1200 Mhp, MAN V8 that will push it to a top speed of 31.5 knots and a cruising speed of 28 knots.

Exclusions

Owner's personal belongings.
