# DETAILED INFORMATION

---

## Vessel Information

---

The Grady 366 Canyon comes equipped with many great features such as raw and fresh water washdown, trim tabs, power assist hydraulic steering, bow thruster, live bait well, generous cabin entry with marine head, holding tank, and overboard discharge, Custom aluminum top with glass enclosure, and much more. Optional equipment on this vessel includes the second live bait well, electric cockpit grill, diesel generator with 462 hours, air conditioning in the console and at the helm, hot water heater, temperature controlled fish boxes, 15' telescoping outriggers, TV with DVD player, microwave, bow casting platform insert with cushions, and LED underwater lights. Electronics include twin Garmin 7215 15" touch screen chartplotter/depthsounders, Garmin Autopilot, Icom VHF radio, and marine stereo. The boat also has a set of canvas covers for the helm area, leaning post seat, and engines.

### Engines

This 2012 example is powered by triple Yamaha 350HP Four Strokes with 450 hours, just serviced including water pumps.

### Accommodations

The boat has a huge amount of seating with an aft folding seat, three adjustable helm seats with flip up bolsters and arm rests, and ample bow seating. It is also excellent for fishing with the 2 live bait wells, temperature controlled fish box, outriggers, and five pairs of flush mount gunnel rod holders. The boat will drift and bottom fish like a dream with the stability and large cockpit afforded by the huge 13'2" beam.

The boat also features a console with much more that you might expect in an open center console style boat. Down below is a large forward berth, with converting sofa backrest, plenty of storage, a small galley area with sink, refrigerator, Corian countertop, storage cabinets, and microwave. Stay comfortable with the air conditioning, natural and electric lighting, and entertained with the LCD television. The cabin is comfortable for the occasional overnight, to get children out of the elements, and for storing plenty of equipment on board.

### Safety

2 automatic bilge pumps (total 3000 GPH) (11,356 LPH)

### Basic flotation

Bow rail - low profile 316 stainless steel

### Cockpit toe rails
