Overview

Vessel walkthrough

The first thing you'll notice as you board is the large teak swim platform and oversized transom door, which allows for an easy entry. The boat has a large cockpit and was built with the captain's comfort in mind. She has a well-placed table surrounded by U-shaped seating to starboard, which is perfect for entertaining and a sunset cruise. To add to the enjoyment, she is equipped with an ice maker, electric grill and refrigerator to port - and, of course, you can't have all that without a wet bar. But don't worry, she's got one of those too. The entire deck and helm has beautiful teak and a great spacious feel.

Then we take you down to the salon, which has eye-catching woodwork and another U-shaped seating area. This is an ideal spot in which to serve the dinner you can make on the 2 electric stove burners; that is if you don't want to grill on deck that evening.

Overview of Staterooms

CATERINA has 2 staterooms with the master being forward and the guest to starboard. The guest room has two side-by-side bunks, his and her reading lights and 1 hanging locker. She also has a porthole that opens to enjoy the night breeze.

Walking into the master stateroom, one finds an island bed with two hanging lockers, drawers, a mirror and the same meticulous attention to the woodwork detail that you will see throughout this boat. The two portholes open wide, allowing the sea air to flow in, if you so choose. The master is ensuite and, while the Uniesse doesn't have a separate shower stall, there is a curtain on slides. The head has a fully-molded seat above the recessed loo. The sink is made of marble and has a storage mirror above her. This yacht really has everything two couples or a family of 4 could ask for, or need to enjoy the open seas.
