

GTT 115 HYBRID — DYNAMIQ

Судостроитель: DYNAMIQ

Год постройки: 2018

Модель: Моторная яхта

Цена: ЦЕНА ЯХТЫ ПО ЗАПРОСУ

Местонахождение: Монако

Длина общая: 114' 10" (35.00m)

Ширина: 23' 4" (7.10m)

Макс. осадка: 4' 10" (1.45m)

Крейс. скорость: 19 Kts. (22 MPH)

Макс. скорость: 21 Kts. (24 MPH)

Купить **GTT 115 Hybrid — DYNAMIQ** а также выбрать подходящую вам яхту из нашего **каталога яхт** вам поможет опытный яхтенный брокер Андрей Шестаков. На сегодняшний день компания **Shestakov Yacht Sales Inc.** имеет большое количество яхт в **собственном списке продаж**, а также тесно сотрудничает со всеми крупными **яхтенными производителями** по всему миру.

Для того чтобы купить яхту **GTT 115 Hybrid — DYNAMIQ** а также проконсультироваться по любому вопросу связанному с покупкой, продажей, чартером яхт позвоните по телефону **+7(918)465-66-44**.

ХАРАКТЕРИСТИКИ

Обзор

Monegasque yacht builder Dynamiq has joined forces with Studio F.A. Porsche to create an exclusive series of all-aluminium superyachts imbued with Porsche DNA. The world famous industrial and transport design studio, lead by Managing Director Roland Heiler (a Member of the Board at Porsche Design Group) has created both the exterior and interior styling of the entire range. The first superyacht with Porsche DNA, the 35-metre GTT 115 blends comfortable high-speed cruising with transatlantic crossings. Only seven will be built, making this a truly exclusive collector's edition. The GTT 115 features a round bilge aluminium hull and a specially engineered stabilisation system from Humphree with four electric fins and interceptors. Powered by twin 1213kW MAN engines paired with the latest Fortjes 5000 pods, the versatile superyacht can exceed a maximum speed of 21 knots and is capable of crossing the Atlantic with a range of 3,400nm. With a shallow draft of just 1.45 metres (less than 5 feet), the yacht is ideal for the Mediterranean, Caribbean or Southeast Asia. An optional hybrid power system has been chosen for the first GTT 115. Other notable technical features include two technical compartments or engine rooms, with twin 45kW Fischer Panda variable-speed generators located in the bow. This smart layout ensures a silent ambience at night and avoids smoke and fumes at anchor while the owner and guests are swimming or sunbathing on the aft platform. On the inside, the sporty yet refined interior features three or four luxury cabins with Saddle brown and Luxor beige leather with carbon fibre details, and expansive surfaces of Sahara Noir marble. The furniture and decoration were developed in association with the Italian designer brand Minotti. The first GTT 115 by Studio F.A. Porsche is available for sale with delivery in September 2017. Her world debut took place at the 2017 Monaco Yacht Show. Sales price is €12,947,600 including options for €1,047,600.

Total price: € 12,947,600 Price excludes taxes and charges

ПОДРОБНОЕ ОПИСАНИЕ

Main Characteristics

Classification:	Built to RINA Pleasure Craft Rules, RINA Green Plus, RINA Comfort class notation, MCA LY3 compliant (short range navigation).
Length overall:	35.5m
Length waterline @ half load:	33.15m
Beam overall:	7.10m
Draft @ full load:	1.45m
Displacement @ half load:	150,000 kg
Tonnage:	198 GT
Construction material:	Aluminum 5083 H321
Engines:	2 x MAN V12-1650 (1213 KW@2300rpm each)
Propulsion:	2 x Fortjes 5000 propulsion system with contra rotating propellers
Generators:	2 x Fisher Panda 45kW 400/230v plus 1 x 25 Kw variable speed Fisher Panda
Stabilizers:	4x Humphree electrically driven, zero speed
Bow thruster:	Electrically driven 45 Kw
Fuel load capacity:	24,000 liters
Fresh water capacity:	4,000 liters
Black/Grey water capacity:	2,700 liters
Max speed (at half load):	21 knots
Cruising speed:	19 knots
Max range:	3,400 nautical miles at 10 knots
Paint:	Boero / DuPont
Naval Architecture:	Vripack
Exterior design:	Studio A.F. Porsche
Interior design:	Studio A.F. Porsche
Guests:	6 in 3 cabins
Crew:	6 in 3 cabins

Fore Deck Equipment, Anchor Deck

Teak-laid side decks and anchor deck area Side bulwark door on port and starboard sides 2 x anchor windlasses 2 x hawses with roller, chain stopper and devil's claw 2 x anchors with galvanized chain 4 x mooring bollards and 4 x fairleads 2 x fairleads with integrated bollards at mid-ships 1 x tender Owner's supply and 1 x jet-ski in the forepeak garage Anchor and chain wash Fresh water deck wash with outlets forward and aft Mahogany oval shaped handrails with stainless steel stanchions Safety glass side windows and windscreen (Europe grey tinted glass) Direct access from the wheelhouse Low-level lighting alongside decks Remote control spotlight located on wheelhouse roof AC 220v sockets 2 x B&O marine speakers Sun pads on foredeck "Deluxe cushions" upholstered with Sunbrella fabric with contrast stitching and piping Network bow camera

Aft Cockpit, Bathing Platform and Stern Garage

Teak-laid cockpit floor Teak-laid stair treads on port and starboard sides leading to bathing platform Structural teak-laid stair to Sun deck 2 x stainless steel safety gates with Dynamiq logo Backlighted logo Automatic stainless steel framed sliding doors to main saloon Side deck door and stairs leading to engine room Overhead lighting 2 x capstans 4 x stainless steel bollards and 2 x fairleads with rollers 2 x stern bollards on outboard fixed sides of bathing platform Transformer Opacmare Locker with dockside water and deck wash at the stern Locker with electrical shore power connection at the stern Large teak-laid beach platform Mooring whips for tender mooring AC 220v sockets 4 x B & O marine speakers Seating area with a couch and 2 chairs in teak and politech 1 x teak coffee tables Removable sun awning fixed with smartlock "Deluxe cushions" upholstered with Sunbrella fabric with contrast stitching and piping

Sun Deck

Teak-laid deck Direct access from the aft cockpit stairs Glass and Stainless steel framed windscreen Removable sun awning with 4 x carbon fiber poles Carbon fiber ensign staff and socket Deck wash outlet Tinted glass sky light on the sundeck above the bar area Sink with cold and hot water Storage cupboard Ice maker (Hoshizaki) Fridge (Miele) Electric BBQ (Miele) 1 wine cooler (Miele) Coffe machine (Miele) Low-level lighting AC 220v sockets 4 x B & O marine speakers + 2 subwoofer on the dining area with iPad mini remote control 4 x marine speakers on the bar area with iPad mini remote control 2 x TV Samsung 75" Sun pad with under-storage Dining table for 8 persons with high gloss veneer top (Custom) 8 chairs 2 x coffee tables Bar with top in cosmic black marble 3 x bar stools Round hydro massage pool (Riviera Pool, 2.8m diameter) "Deluxe cushions" upholstered with Sunbrella fabric with contrast stitching

and piping

Engine Room and Ancillaries

Safety flooring Emergency escape Port side access hatch Steering visual inspection hatch Engine room soundproofed Air extraction fans (AC) fitted with butterfly shutdown dampers Air intakes fitted with mist eliminator system & emergency shutdown flaps (automatically operated) Inspection lamp Basic toolbox Fluorescent lights (AC) Emergency lighting (DC) AC/DC electrical outlets (double AC & 1 x 24v outlet) Power management system panel Engine exhaust silencers and water cooled exhausts Engines flexible mounted (MAN) Electric 45 kW Bow thruster (CMC) Power steering – electro hydraulic control unit (Opem Sistemi) Emergency steering – manual pump (Opem Sistemi) Electric Fin Stabilizers (Hmphree) Transformer Opacmare Water maker (320 liters per hour duplex type) (HEM) Fire alarm systems (Autronica) Fire hydrant system Engine room fire extinguishing system aerosol type AC fire pump (Gianneschi) AC bilge pump (Gianneschi) Portable CO2 fire extinguisher

Underwater hull

Electric 45 kW Bow thruster (CMC) Seawater strainers in stainless steel Full cathodic bonding system to zinc anodes High performance rudders 2 x fixed 5000 FORTJES pods with contra rotating propellers (Reintjes) 9 x LED underwater lights (Cantalupi)

Systems

Fuel System 4 x structural fuel tanks and 1 x structural daily tanks with remote controlled valves and remote electrical sounding gauges with dedicated page on monitoring system Air vent to the mast Fuel separator Duplex fuel filters for diesel propulsions and diesel generators Tender refueling system Remote fuel shut-off system Overflow tank with sight glass control All pipes in stainless steel Aisi 304

Water System Structural storage tanks, painted with certified surface treatment Electric gauges displayed on monitoring system Water pressure system (400v 3 phase 50Hz) (Gianneschi) 1 x Hot water tanks, 200 liters each (Gianneschi) Hot water circulating pump AC 220v (Gianneschi) Filter on shore filling line

Electrical System 2 x 45kW 400/230v plus 1 x 25 Kw 400/230v 3 phase 50Hz Fisher Panda generators with underwater silent exhaust and sound shield installed on double resilient basements Customized touch screen based control system which facilitates control and monitoring of all the main ship systems including but not limited to tank levels, alarms and monitoring, pump control, bilge status and all electrical load management 60 kVA shore power converter (Eekels) Shore power connection cable 24v DC electrical system with full circuit-breaker protection Starter batteries 24v circuit Domestic batteries 24v circuit Independent battery back-up for VHF radio Automatic battery charge distribution Remote battery switches 2 x domestic service battery charger for 24v circuits 2 x engine battery charger for 24v circuits Emergency battery charger Radio battery charger AC sockets throughout the boat 24v hand light and cable Class approved fire detection system with sensors in all cabins and monitoring beside main helm position (Autronica)

Entertainment System System uses high-quality speakers from Bowers & Wilkins. The positioning of the speakers has been expertly analysed to ensure optimum output. The saloon features Bowers & Wilkins PM1 standalone speakers with carbon braced tweeters that deliver the ultimate in pure audio, as well as working as part of a sophisticated home theatre set-up.

Other Systems Hydraulic power steering Vacuum toilet system with integral macerator (JETS System) Black/Grey water tank with air vent to the mast discharging to dockside or to the treatment system (Selmar) Washbasins, showers and air conditioning fan coils to drain to grey water tank Chilled water air conditioning system and heating system with electric hot water tank (Heinen & Hopman) Bilge pumping system (Gianneschi) Manual/automatic fire extinguishing system combined with engines, generators and fans shutdown

Miscellaneous

Covers for all the external loose furniture, windlasses, structural sunpad, pool area Pivoting manual side boarding ladder 10 x large inflatable cylinder fenders with ties 6 x large spherical fenders with ties 4 x 25m 40 mm nylon black docking lines 2 x 25m 15 mm nylon black docking lines Spare parts and tools according to Flag requirements Medical kit (MCA)

Hull Vane (Van Oossanen)

The Hull Vane is a patented fixed foil located below the stern of the boat, for fuel saving and improved seakeeping. The Hull Vane influences the stern wave pattern and creates hydrodynamic lift, which is partially oriented forward. This results in a reduction in of the ship's resistance.

Исключения

При продаже яхты исключаются личные вещи владельца.
