# SPECIFICATIONS

---

## Overview

---

A very versatile boat with conservative trawler-style appearance and built on a semi-displacement hull with a wide beam, sharp entry, hard chines and a full-length keel for directional stability and prop-protection. The cockpit is on the same level as the salon providing a wide-open and practical sedan-style layout plan. Forward in the salon the galley is to port and the lower helm is to starboard with a sliding door adjacent. Aft in the salon is a dining table with port/starboard seating. There are two staterooms forward and the head has a stall shower. Roomy cockpit is a plus with teak decking, varnished cap rails and trim. Teak access ladder up to the Flybridge. Center line helm station with overhead electronics box/Radar antenna. Heavy duty welded aluminum frame with laced on vinyl top.
