## Overview

---

**Darwin Class 102'** is a three deck full displacement Explorer vessel in steel and aluminum, 31 mt in length-overall and 7,43 mt in beam for a gross tonnage of 244.

The Darwin Class is an icon in the Explorer Yacht's world. She has been featured in all the best magazines worldwide, she has been taken as a key reference point by dozens of yacht owners, and she has still unbeaten records of cruising for vessels of this size. She is the cruising evidence of how true to reality is CdM's reputation for sturdy, reliable, seaworthy and low fuel consuming vessels.

She features five staterooms, with the option of having the Master cabin either on lower deck right in the most stable area of the vessel or on a privileged position forward of main deck, a feature hardly seen on vessel of this size. All guests spaces, including two wide salons, have a minimum floor-to-ceiling height of 2,10 mt. The exterior areas allow for different uses spread all over three decks: dining, sunbathing, bar, fitness or simply chilling, all find their own suitable and well dimensioned spot on this vessel.

Under a technical point of view, each Darwin Class is equipped with an unrivalled engine room for vessels of this size, overengineered and extraordinarily easy to maintain as per CDM's highest standard. The spacious lazarette will prove to be useful to store any kind of toy and can be used as an extra laundry space.

Photos of M/Y Babbo and M/Y Galego are featured in this listing. Each CdM yacht is custom built to order and will be completely customized at the request of the individual client: whether it is the custom color of the hull & superstructure, layout of the sundeck, interior decor, or the general arrangement floor plan - every detail is customized.
