SPECIFICATIONS

Overview

"Cool Change" has been wonderfully cared for and has seen light use here on the Upper Chesapeake Bay. Her twin Inboard Mercruiser 8.1S motors provide plenty of performance and the reliability and ease of maintenance one can expect with a direct drive boat. New canvas and exterior upholstery easily set her apart on the exterior and her high gloss cherry wood interior with neutral soft goods are warm and inviting. A low hour generator, A/C and Heat and all around good look round out this complete package! Easily seen in Baltimore's Inner Harbor just minutes off of I-95 and 20-25 minutes from Baltimore Washington International (BWI) Airport, "Cool Change" is a not to be missed boat for anyone looking for a high quality express cruiser!

Basic Information
