## Overview

---

This 34 Luhrs convertible has enjoyed a sheltered life on the Chesapeake Bay. She was used exclusively in the upper bay for the first 15 years of her life, was kept on a lift, and is now docked in Virginia Beach. Less than 420 hours on the engines and only 130 on the generator!!! Plus new Garmin GPS/chartplotter/fishfinders with a \$1300 deep water transducer, a new Garmin 48 mile hd radar, and a new Garmin VHF. She has a new hardtop instead of the old standard soft top and a new full enclosure with matching covers for the bridge seats and helm console. 3 new rod holders, a new EPIRB, carbon dioxide detector, smoke detectors and new fire extinguishers. She is fully rigged and ready to go! Without question the cleanest, low hour 34 Luhrs Convertible available.

## Basic Information

# DETAILED INFORMATION

---

## Power Boat Guide Says...

---

Introduced in 2000, the Luhrs 34 is an entry-level convertible with a distinctive top-heavy profile, heavily built, affordably priced, and versatile enough for fishing and cruising. Few small convertibles have been built in recent years, and the Luhrs 34 occupied a market niche without any serious competitors. Constructed on a modified-V hull with cored hullsides and a solid fiberglass bottom, a wide 13'1" beam makes the Luhrs 34 a very roomy boat. Molded steps instead of a ladder lead up to the flybridge, and while the engine room is a tight fit, the cockpit access is a plus. Standard features include a molded bow pulpit, transom fish box, molded cockpit stairs, transom door, bait prep center with sink, livewell, fresh/raw-water washdowns, cockpit bolsters, gunnel rod holders, cockpit rod storage, transom fish box, swim platform, generator, and trim tabs. Below, the single-stateroom, galley-up interior with convertible salon settee (with hinged backrest), full galley, and divided head sleeps five. Note the rod storage locker in salon overhead. Optional 370hp Cummins diesels cruise in the low-to-mid 20s.

## Exclusions

---

Owner's personal belongings.
