SPECIFICATIONS

Overview

This is the lowest priced 370 Venture on the market and still a PRICE REDUCTION !

The owners have their next boat on order and are ready to sell! This lightly used vessel is powered by twin 300 HP Mercury Verado outboards with only 225 hours on the engines. This is probably one of Sea Rays most innovative express cruisers ever. No other vessel this size and style can offer the cockpit and cabin space of this model. Due to its outboard engines this vessel offers a shallow draft of only 26 inches. Perfect for pulling up the beach or those tucked away islands. This is a must see!
