DETAILED INFORMATION

Sea Master 2688

The Sea Master 2688 is a stable fishing and cruising platform with a walk around design. A spacious cabin with the interior in excellent condition and stand up enclosed head are two of its great features. The cabin includes a twin forward V berth and two additional berths aft under the cockpit, starboard and port. The electronics and gauges are in good condition and will provide years of service. Rod holders and storage as well as multiple bait wells and fish boxes are excellent features for the fisherman looking for a great fishing boat for a terrific price.

Engine

The Renken 2688 WA is equipped with a reliable Mercruiser 370 horsepower 7.4 liter inboard engine and Mercruiser outdrive with a 4 blade aluminum prop. No matter what type of boating interests you most, Mercury® MerCruiser® can power it better than anyone else. Our extensive range of sterndrive, inboard and tow sport engines is the most comprehensive lineup in the industry, all engineered to provide the best possible boating experience. The answer to your propulsion needs. Mercury MerCruiser.

Electronics

Equipped with a Raymarine C70 navigation system, a Fusion MS-IP700 radio, and helm mounted temp, oil, volt, fuel trim, RPM gauges. The smallest of Raymarine's C Series multifunction displays introduced in 2004, the Raymarine C70 Chartplotter packs all the features of its larger syblings the C80 & C120 into a compact and relatively economical box. It is much easier to use than the array of controls and the thickness of the manual suggest. Highlights ? The C70 is the perfect choice for installations where visibility is critical but space is an issue. It has a 6.5" Sunlight Viewable Color Display with excellent contrast and a wide viewing angle. A high resolution 640 x 480 pixel transfective LCD panel with 256 colors makes for a crisp, clear picture that's visible under even the most challenging lighting conditions.
