Overview

OWNERS HAVE FOUND THEIR NEXT YACHT !!! RECENT MAJOR PRICE REDUCTION !!! SUMMER SPECIAL !!! WE HAVE ABSOLUTELY ALL THE INFORMATION ON THIS YACHT SINCE 2015, INCREDIBLE PEDIGREE !!! Recent 5 Year Bureau Veritas Class Inspection, Complete Hull paint 2017 !!! Being the CLA Agents, we have all records from 2015 to Present available, including repurchase survey report from 2015 and the BV survey report from 2018!!! Valuable Information !!!

The largest ever composite yacht built in France, *La Pellegrina* was built in carbon-reinforced Kevlar by French yard Chantier Naval Couach (CNC) and delivered in 2012 as a Couach 5000 Fly model. Designed by CNC's in-house team, she has interior design by Jean Pierre Fantini and accommodates 12 guests in six cabins. The master suite is on the upper deck while the VIP suite is located on the main deck. The four guest cabins, three featuring queen berths and one cabin with twin beds, are all located on the lower deck. Each has full en-suite heads, large showers, white marble and plenty of storage.

The saloon is open plan with a large relaxation area aft and, separated by a low credenza, is a forward formal dining area with seating for 12 guests. More casual dining and entertaining is available on the expansive aft deck with two dining tables. Up on the sun deck there is room for further al fresco dining with three settees, sun pads and a spa pool.

She is powered by twin 5,800hp MTU engines giving her a maximum speed of 30 knots, a cruising speed of 22 knots and a transatlantic range at low cruise range. To ensure she is as comfortable at sea or in port, she is fitted with Sea Keeper gyroscopic stabilizers.

The Best Example of a MegaYacht by Chantier Naval Couach.

She features 6 Guest Staterooms, very large and comfortable, Floor to Ceiling Panoramic Windows Through out the Main Salon.

She just had a US\$3,000,000 refit that included 50 HID Underwater Lights, Bottom Paint, Prop Speed, and many more additions. She is truly a turn key Megayacht.
