ПОДРОБНОЕ ОПИСАНИЕ

Overview

During the last five years, TOP NOTCH has undergone a massive refit transforming her to an up to date truly custom tournament sport fish boat. Upgrades include reconfiguration of the cockpit adding an observation mezzanine lounge as well as teak covering boards, a faux teak transom and toe rails. The bow rail and pulpit have been removed, the hull painted with Alexseal Sky Blue polyurethane and topsides re-gelcoated eliminating any flaws to her finish. In addition to all new soft goods, the interior has also been updated to include a low profile galley with under counter Sub Zero drawer refrigeration and quartz countertops. The port side and forward staterooms have been converted to double berths and the laundry has been cleverly relocated to the port side companionway, aft of the stateroom with new front loading washer and dryer.

All mechanical systems have been updated, rebuilt or replaced including a new generator in 2015. The main engines were completely overhauled in 2012, including main bearings, turbos, pistons and cooling system. All factory recommended services have been performed on a timely basis.

All navigation and entertainment electronics have also been updated.

TOP NOTCH is one of a kind and a pleasure to show.
