SPECIFICATIONS

Overview

Nauta Air 110' is a three deck full displacement Explorer vessel in steel and aluminum, 33,8 mt in length-overall and 7,5 mt in beam for a gross tonnage of 296.

The Nauta Air range has been designed by the renowned studio Nauta Design, the ones that penned Azzam the longest yacht in the world with her 180 mt. Its Nauta Air series is characterized by a design made to last, with exterior lines that are contemporary but endless, sturdy and masculine but stylish, light and clean in every detail.

Under the design point of view, the stair on the transom is surely among the yacht's top features: it creates an al fresco beach club between cockpit and swimming platform which, unlike all other shipyards, is open to the sea and seamless connects the salon to the water and it is perfectly serviceable by the crew.

Despite her white-yacht look, Nauta Air 110' is an Explorer vessel by all means. being an Explorer Vessel is not about the exterior lines. It is about seaworthiness, overengineering, sturdiness and redundancies of the Yacht. It is about how the storage plan is conceived in order to be able to make long passages and to spend a lot of time anchored in secluded places without the need to rush ashore for supplies.

Photos of M/Y Narvalo are featured in this listing. Each CdM yacht is custom built to order and will be completely customized at the request of the individual client: whether it is the custom color of the hull & superstructure, layout of the sundeck, interior decor, or the general arrangement floor plan - every detail is customized.
