## Обзор

“Brown Eyed Girl” is a properly maintained example of this renowned cruising model loved by Great Loopers, Island Cruisers, and Pacific Northwest boaters as well as cruisers around the globe.

Her bottom was painted in September 2017, her engine cooling systems serviced in 2017, regular fluid and filter changes performed and all general maintenance is up to date. She is crisp, clean and cruise ready at all times and her active owners enjoy her on a weekly basis.

“Brown Eyed Girl” is truly a rare find in a market of many others that have been sitting and have not benefited from the active care and attention that she benefits from.
