SPECIFICATIONS

Overview

Kuikila is the stylish, sleeky yacht where taste, speed, and luxury are combined in the unique way. Whether you fly on the water at 52 knots on her gas turbine, or leisurely cruise at 30 Knots you enjoy with the smooth and exhilarating ride. With Kuikila your dream destinations are always achievable and not far away. You can relax having some sun on deck and take advantage of her many amenities. Combining Fulvio De Simoni's iconic design with 13,000hp, Kuikila is as stunning as she is fast. The exterior is classic Pershing. The interior is light, elegant, and ample with plenty of natural light. Close the curtains, set your lighting, room temperature, and watch a movie on one of two 65" OLED TV's. It's all at your finger tips. If you and your guest want to go exploring? Kuikila has two 65 mph jetskies and a tender. For underwater fun there is a scuba compressor. At the end of the day unwind in your private steamroom. There is sleeping for ten guest in four staterooms. Kuikila comes equipt with two MTU 16V main engines producing 3,648hp each. If you need speed up, Vericor TF-50 gas turbine booster can be turned on getting up 5,600hp . Originally designed for the aerospace industry, The TF-50 has evolved to perform multirole functions. It is the preferred engine, successfully used in the U.S. Navy's many LCATs and by other Navys around the world. With more than 50 years of heritage originating with the Lycoming Engine Company, the rugged TF series gas turbines have accumulated hundreds of thousand of hours in military and commercial service around the world. Unlike popular belief, the TF-50 gas turbine has lower operating costs than a conventional marine engine. And while the hourly consumption could reach over 2,000LPH, because of the speed, the liters consumed per mile are comparable to that of standard yacht. You're just getting there in half the time. A berth is also available in the most desired area of Ibiza. Kuikila is in turn key condition and ready for new owner.

The yacht's berth of 40x10m in Marina Ibiza is for sale by separate agreement. Lease is until 2025. Her asking price is €1,750,000 .
