SPECIFICATIONS

Overview

\$100,000.00 Price Reduction!

Viking Yachts are synonymous with quality and craftsmanship and the 64 yields this "Heritage" while boasting capabilities beyond that of being one of the most incredible fishing machines ever built. No, the 64 goes further... Takes you further... Simply does more... It's built to cruise the world allowing you to both explore and fish the most exotic destinations conceivable while wrapping you in the most lavish comforts affordable in a yacht. **This 64 is truly special and benefits from a refit to the tune of \$400k in 2017. Not because she needed it, simply because it deserved it.**

"One of the more striking aspects of the 64's helm station is the acreage available for electronic displays" and **we used every inch of this space with a \$93,000.00 Garmin electronics package upgrade featuring (3) 24" displays.**

She is Cat powered, fish rigged and travel ready, being exquisitely maintained by a professional crew of three. Her owner accepts nothing less than exceptional and "Heritage" exudes the pride of a devoted and world class owner. This is without question the nicest and most well equipped 64 on the market. Something can be maintained to the same standard, but it can't exceed it. She is an absolute must see for any one looking to find the pinnacle of the Viking 64 class or any mid 60s sportfish.

Open to ALL Offers in Writing.
