## Overview

---

The Oceanic 120' is not just another "expedition" typed yacht. Her concept is way more than this. She offers the luxury and comfort of a mega-yacht, including a full private owner's deck with two private terraces, astonishing outdoor decks and central and aft garage to carry as many toys as you wish to carry. # DETAILED INFORMATION

---

## A New Breed of Explorer Yachts

---

The aft garage, once the tender is in the water, turns into a beach club. Her performances are the direct results of the Oceanic's DNA. High-Tech composites construction including Kevlar/Aramat superstructure, twin stepped "displacing hull", twin or tripe engine configuration with straight shafts transmissions are among the factors that allow the 120' Fast Expedition to offer cruising speed from 17 to 26 knots and top speeds from 21 to 28 knots. In short, the Oceanic 120' Fast Expedition offers outdoor space you cannot find in any yacht of equivalent size and performances that are generally only available with sport-yachts.

## Total Comfort On board

---

**Despite a typical Explorer design** with a superstructure pushed way forward, the 120' Oceanic offers maximum comfort. Her architecture allows for an aft deck that is truly an entertainment platform where you will enjoy three different zones including, dining area, sun pad and lounge. Considering the available surface, other layouts can be specifically designed to suit your needs.

The upper deck is entirely devoted to the owner's Suite with king-size bed, sofa, saloon and desk. The owner's bathroom occupies the fore portion of this deck and has the first interior/exterior bathroom with a second private terrace equipped with a Jacuzzi. The latter is surrounded by sun pads to turn this space into another enjoyment area underway or at anchor. This is a truly unique conceptual arrangement that is just a small part of the countless innovations available on board this extraordinary yacht.

## Exclusions
