SPECIFICATIONS

Overview

BIGMARU was built for the current owner as an upgrade and replacement to his X-50'.

He planned the yacht to be for family sailing and to use in the Mediterranean, in the Atlantic (from his home port in the Canary Isles) and the Caribbean. The yacht is set up to be easily handled and yet still offer good fast, fun sailing. The X-6 is a capable blue water yacht and BIG MARU has "all the extras".

X Yachts are built with an "in-depth" understanding of the elements which make a yacht sail well.

The X6 is a bold design - a muscular, small superyacht with powerful lines. She has a mixture of finishes including bare teak, clear coat carbon, stainless steel and walnut, all modern, light and fresh looking.

Her smart, well thought out deck design makes this powerful yacht a calm yacht to sail with sheets that disappear below deck and reappear at two Harken 980's behind the cockpit. The furlers for the staysail, genoa and Code O are all under the deck and the cutter rig provides versatility.

Basic Information

Category: Cruising Sailboat

Model Year: 2016

Year Built: 2016

Country: Spain

Dimensions

LOA: 66' 0" (20.12m)

LWL: 58' 7" (17.85m)

Beam: 17' 9" (5.40m)

Min Draft: 9' 11" (3.00m)

Speed, Capacities and Weight

Displacement: 65036.36729 Pounds

Accommodations

Total Cabins: 3

Total Berths: 6

Sleeps: 8

Total Heads: 3

Hull and Deck Information

Hull Material: GRP

Deck Material: Teak

Hull Color: Pure white with iron grey stripes

Interior Designer: X Yachts Design Team

Engine Information

Engines: 1

Manufacturer: Yanmar

Model: 6BY-160 with KMH50A gear box

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

GENERAL
