SPECIFICATIONS

Overview

The 2001 Millennium 75 is a 'One of its Kind' custom Motor Yacht.

Said to have begun in the 1980s, with a triad of powerful megayachts whose names conjure the essence of opulence and responsive speed - Octopussy, Moonraker, and Thunderball - the fastest super yachts in the world. All three inspired by the visionary - John Staluppi the founder of Millennium Super Yachts.

Staluppi had a goal of building fully-custom motor yachts that would elegantly combine both exceptional power and luxurious comfort. Built to the highest Dutch standards by the Neptunus shipyard in Holland 'La Bella Vita' cruises at an impressive 30 knots, topping out at 36+ knots. She has undergone continuous upgrades including full Imron paint job, full interior refit, updated Garmin electronics, new bottom job, props tuned and re-balanced, Bose sound system and six TV's to name a few. Truly turn-key!

Millennium Yachts are so highly prized that it can be difficult to find previously owned Millennials on the market, but American Marine has "La Bella Vita" a wonderful pre-owned Millennium Yacht ready to join its new owner. Trades will be considered.

Basic Information

Accommodations

Her accommodations plans include two saloons. The deck is luxuriously appointed large sofa sitting and entertainment systems yet retains an alfresco ambiance with large electric opening skylights overhead and massive curved stainless steel framed door that open wide to the aft deck. The lower saloon provides a serene ambiance great for quiet times with music, a movie or group gatherings. The well appointed galley is to port. There is a Full Beam master stateroom with king size bed and a Jacuzzi tub in the master bath. Forward is a Queen size quest stateroom with a private bath that will rival the master baths of our competition. The third stateroom is equipped with double bunks and a full bath. Crew quarters are aft of the engine room with a private head.
