

## WHATTA BOND II — NEPTUNUS

**Судостроитель:** NEPTUNUS

**Год постройки:** 2006

**Модель:** Моторная яхта

**Цена:** ЦЕНА ЯХТЫ ПО ЗАПРОСУ

**Местонахождение:** United States

**Длина общая:** 62' 0" (18.90m)

**Ширина:** 16' 7" (5.05m)

**Мин. осадка:** 5' 0" (1.52m)

**Макс. осадка:** 5' 3" (1.60m)

**Крейс. скорость:** 27 Kts. (31 MPH)

**Макс. скорость:** 31 Kts. (36 MPH)

Купить **WHATTA BOND II — NEPTUNUS** а также выбрать подходящую вам яхту из нашего **каталога яхт** вам поможет опытный яхтенный брокер Андрей Шестаков. На сегодняшний день компания **Shestakov Yacht Sales Inc.** имеет большое количество яхт в **собственном списке продаж**, а также тесно сотрудничает со всеми крупными **яхтенными производителями** по всему миру.

Для того чтобы купить яхту **WHATTA BOND II — NEPTUNUS** а также проконсультироваться по любому вопросу связанному с покупкой, продажей, чартером яхт позвоните по телефону **+7(918)465-66-44**.

# ПОДРОБНОЕ ОПИСАНИЕ

## Vessel Walkthrough

WHATTA BOND is a Euro Style Sedan Motoryacht with a comfortable Aft Deck, same level Salon with a contiguous Galley, Dinette and Lower Helm. Below decks are three spacious Staterooms with two and a half Heads. The full width centerline Master takes advantage of the widest part of the vessel. The spacious Engine Room is accessed via a hatch in the Aft Deck sole. Under the Aft Deck settee is a surprisingly large Lazarette for storage. Top all of these amenities with a full enclosed air conditioned Flybridge with a portside wing station and room for a crowd.

## Salon

The Salon is entered via a curved “Trend” stainless steel sliding door with a full interior drapes and a sliding insect screen.

Just inside the door is a small area of bamboo flooring followed by a free form edge to the carpet that covers the remainder of the Salon. The carpet is protected by an easy to remove “Sunbrella” carpet runner.

To port are two upholstered occasional swivel chairs (one with an upholstered foot stool). Between the chairs is a high gloss cherry built in end table with table lamp above which houses clever pull out bar storage. Behind and above the chairs are Neptunus signature two level Salon windows. Custom to this particular boat is a beautiful inset area of high gloss walnut burl wood between the upper and lower windows. There are full drapes with rope lighting behind the upper valance.

Next forward is a built in 32” Samsung LCD TV. A cabinet below houses a Bose Lifestyle entertainment system for AM/FM/CD/DVD, a Samsung Direct TV receiver, the Sea Teal SAT TV antenna controller and the Glomex broadcast TV antenna.

Starting aft from the starboard side is a small end table, then a four to five person upholstered sectional with storage below. The same window treatments as the portside are above the sofa. An attractive cherry and walnut burl wood table lies in front of the sofa. The forward end of the sofa terminates into another built in end table with two storage cabinet doors perfect for audio/video storage facing the entertainment center. Also in the Salon is an attractive ceiling detail over the coffee table with two halogen mini spots within. There are five mini Bose speakers including a hidden subwoofer, two sconce lights, six additional halogen mini spots, additional liquor storage, a CO detector, telephone outlet and a central vacuum outlet.

---

## Galley

---

The oversize Galley is two steps up and next forward. It has the same bamboo planked sole as the entry area in the Salon. To port is a curved cabinet housing a GE 16 bottle glass front wire cellar behind a cherry door. Next forward behind a cherry door are three pull out drawers fitted for glassware storage. Next forward behind a matching cherry door is a Subzero under counter freezer with icemaker within. Furthest forward again behind a matching cherry door are three pull out drawers fitted with the yacht's dinnerware. A two level high gloss cherry countertop with windows, drapes and a built in Toshiba 13" LCD TV/DVD are above the four cabinet doors.

To starboard is the Galley proper with a two level Avonite countertop, an AEG four burner ceramic cook top, a stainless steel built in stainless steel Kenmore Elite microwave/convection oven. Below the cook top are two oversize Subzero refrigerator drawers. The double sink is an under counter stainless steel double sink with an SK removable spray handle and separate drinking water tap and soap dispenser.

Also in the Galley is an Insinkerator food disposal, Miele stainless steel dishwasher behind a cherry door, eleven cherry cabinets, three cherry drawers, seven halogen mini spots and a Farber exhaust fan with work lights over the cook top.

Next forward is a U shaped settee for dining. The upholstered Dinette seats four to six and has a unique table that folds in half and has the high gloss burl wood matching the accents in the Salon. There are two halogen mini spots over the table and an abundance of natural light through the full wrap around windshield.

---

## Lower Helm

---

Occupying a small space next to the Dinette is a compact Lower Helm with the following equipment:

Ultra Leather Springfield upholstered helm chair (2) CAT LCD engine monitors Garmin 5212 plotter/radar/depth Simrad AP26 autopilot Raymarine ST60 digital depth gauge CAT electronic clutch & throttle controls ICOM M602 VHF Teleflex tilting wood helm wheel Vetus bow thruster control Fireboy fire system controls ITT Jabsco searchlight controls Bennett trim tab controls Start/stop switches Wiper controls Horn Bilge alarm monitor Graphic panel to monitor nav lights, Engine Room lights, AC DC power connections 5" Ritchie high speed compass (2) Storage cabinets below Helm

---

## Accommodations Companionway

---

The yacht's AC and DC electrical panel is in the companionway next forward leading to the accommodations.

Six steps down going forward is the yacht's laundry center with a Whirlpool stacked washer/dryer behind cherry doors to port. Further forward is the dual access Day Head. To starboard is the Twin Lower Guest Cabin. Forward is the VIP. Aft and down two steps is the Day Head and the entrance to the Master Stateroom.

---

## Day Head

---

At the bottom of the eight curved stairs from the Salon is the Day Head. This head also serves as a head for the third cabin.

A bow front cherry cabinet with a door below and an under mount stainless steel sink with two tone faucet are forward. Two mirrored medicine cabinet doors are above. The toilet is a Raritan Altantes model. Above the toilet are two additional storage cabinets. The sole is marble tile, the overhead is mirrored and the head door is a cherry pocket door.

Immediately aft is the Master Suite.

---

## Master Suite

---

The Master Suite is entered via an arched door from the forward end of the suite. There is a tapered queen size berth with rope lighting and Bose in wall speakers below. The upholstered headboard is affixed to five mirrored panels. There is a small swing arm brass lamp as well as an overhead reading light for each side of the berth. Each side has a built in nightstand with two drawers each. To starboard are seven full size drawers with a cherry countertop. Above are four sliding Soji screens over the oversize hull side port light.

Next forward is a small vanity with stool and mirror. Further forward is the private Master Head.

To port is a built in Toshiba 20" LCD TV, an unusually large two door cedar lined locker with auto light, DVD player and digital safe.

Next aft are seven full size drawers with three sliding Soji screens above.

Also in this cabin are two drawers at the foot of the berth, a soffit over the bed with two halogen mini spots, six additional halogen mini spots, a CO monitor and digital AC controls.

## Master Head

---

Accessed only from the Master Suite is the Master Head with bow front cherry vanity with a cabinet below and an under mount sink with two tone single lever faucet above. The countertop is Avonite. There are four mirrored medicine cabinets above, with an oval porthole and a Hunter Douglas Duette shade above.

The toilet is a Raritan Atlantes model. The sole is marble tile and the overhead is mirrored.

The stall shower has a clear acrylic door, a seat, a shelf, a hand held or wall mountable shower fixture, a light and an exhaust fan.

## Guest Cabin

---

Forward to starboard is the Guest Cabin with twin lower berths (a custom option in lieu of stacked berths) with a three drawer nightstand between. Each berth has an upholstered headboard and one large drawer and two small drawers below facing the cabin's centerline.

Above the outboard berth are two dead lights behind a Roman shade and eight cherry cabinet doors above the shade.

At the foot of the outboard berth is a cedar lined hanging locker. Built into the forward bulkhead is a Toshiba 13" LCD TV DVD combo. Also in the cabin are four halogen mini spots, CO monitor, a telephone outlet, digital AC controls, valance type AC delivery and a central vacuum outlet.

## VIP Cabin

---

All the way forward is the VIP Cabin with a centerline queen berth, upholstered headboard over a mirrored panel and two halogen reading lights above.

There are two large drawers at the foot of the berth. To both port and starboard are built in cherry countertops that serve as nightstands. Above on each side are oval dead lights with Roman shades. Further above are four cherry cabinets on each side.

Aft to port is a double door cedar lined hanging locker followed by the entry door to the VIP Head with a full size dressing mirror facing the cabin. To starboard is another two door hanging locker with cedar lining and a DVD player within.

Facing forward is a built in 13" Toshiba LCD TV above and a three drawer chest below.

Also in this cabin are digital AC controls, a CO detector, Bose in wall speakers, five overhead mini spots, an overhead Bomar escape hatch and arched entry door to the cabin.

## VIP Head

---

The VIP Head is just aft of the VIP Cabin on the port side. It has two entrances, one from the VIP and other from the center companionway. The cherry vanity has a bow front, under mount sink with a two tone faucet above on an Avonite countertop. There is a cabinet door below and three mirrored medicine cabinets above.

The toilet is a Raritan Atlantes model. The stall shower has an acrylic clear door, a shelf, a light and a hand held or wall mountable shower fixture. Also in this head is a marble tile sole, mirrored overhead, an exhaust fan and a port light with Hunter Douglas Duette shade.

## Flybridge Layout

---

The Bridge is surprisingly roomy with large U shaped seating on the aft portion of the Flybridge to seat six with free form cherry high gloss table centered. Next forward is a large bar with an under mount stainless steel sink, bottle storage, automatic liquor dispenser, two drawers behind a cabinet door and an extra deep storage locker. This area cleverly occupies what was once a single person (!) hot tub on older 62' Neptunus models.

Forward is a two person helm seat with wing controls consisting of electronic throttle and clutch controls, bow thruster controls and start/stop switches.

To starboard is the full Upper Helm with double upholstered helm seat followed by a bar with refrigerator and separate stainless steel Raritan icemaker.

Forward of the Helm is an open sun lounge with exterior sun cushions and a Venturi windscreen. The remainder of the Flybridge is under the signature Neptunus hardtop with full enclosure and air conditioned comfort.

---

## Flybridge Equipment

---

Remote gauge panel for generator w/start/stop controls to port (2) Marine Air digital AC controls Fold down stainless steel footrests at each double helm seat (4) Access panels for storage in the Helm Area 3 Side EZ2CY enclosure w/several fold up sections that pin to the hardtop Aft side clear vinyl enclosure Windshield wiper at Helm Station on clear tempered safety glass panel (7) Overhead DC stainless steel trimmed lights Red DC night light over Helm (2) Overhead stereo speakers Raritan stainless steel icemaker Norcold refrigerator Under mount stainless steel sink Avonite countertops Canvas panel to zip over Flybridge stairs (for air conditioning) Stainless steel railings around area aft of U shaped seating (2) Stainless steel rod holders aft

---

## Flybridge Navigation Equipment

---

(2) CAT LCD gauge panels for main engines (2) CAT electronic clutch & throttle controls (2) Garmin 5212 GPS multifunction displays w/chart plotter, radar, depth functions Simrad AP25 autopilot Ritchie 5" Powerdamp compass Raymarine ST60 digital depth gauge (2) Electric fuel gauges ITT Jabsco searchlight controls CAT back up panel for gears & throttle Vetus bow thruster controls Bennett trim tab controls ICOM M602 VHF radio Bilge pump controls w/(3) digital pump readouts Teleflex tilting wood helm wheel w/cover Fireboy controls Windlass controls Generator "on" indicator Windlass controls USB charging port Helm cover Helm seat cover

---

## Electrical

---

110V/220V AC system 12V/24V DC system 21 kW CAT generator in sound shield w/2459 hours (2) Banks of 12 volt gel cell batteries separated by blocking diodes as follows: (2) 8D's (450 ah) for house 12V, (2) 4D's (360 ah) for engine starting 24V DC Digital voltmeter at main helm DC Digital amp meter at main helm AC Digital voltmeter at main helm AC Digital amp meter at main helm (20) Breaker protected 110 volt AC circuits (8) Breaker protected 220 volt AC circuits (32) Breaker protected DC circuits Central bonding system w/shaft brushes Victron Centaur battery charger for house system 24V, 30 amp Victron Centaur battery charger for starting system 12V 100 amp (2) 50 amp Glendinning cord reels w/75' of cord each Generator "on" indicator light at each Helm (2) Battery shutoff switches (2) Galvanic isolators Port engine alternator 85 amps, 28V Starboard engine alternator 135 amps, 14V (3) Gang centrally located GFCI's at main bus 15 KVA isolation transformer

---

## Engine Room

---

Port engine was replaced by CAT under warranty at 487 hours. Work completed at

Cable Marine, Ft. Lauderdale, FL. Anti vibration mounts for engines & generators 15 hp Vetus 24 volt DC electric bow thruster (4) Automatic/manual bilge pumps w/"Ultra" bilge pump switches DC freshwater pump Rudd 30 Gallon hot water heater (5) Fluorescent Engine Room lights (2) 110V GFCI outlets (2) 110V Fantech Engine Room fans FRP flooring between engines Macerator pump for waste system 2.5" Aquamet 22 stainless steel shafts Dripless shaft seals Site tubes for both fuel tanks (2) Engine Room blowers 2" Heavy duty insulation material covered w/white aluminum perforated paneling Oil change system for engines, transmission & generator FE 241 Fireboy automatic fire suppression system Air filters on Engine Room air intakes Teleflex power steering system Marine Air 72,000 BTU (3) compressors chilled water air conditioning w/(5) air handlers (2) Racor 1000 FG fuel filters for main engines (1) Racor 500 filter for generator 6 Step stainless steel & teak ladder to Engine Room from Aft Deck (3) Coolant recovery bottles for cooling systems Sea Star hydraulic power steering (2) Engine block heaters ZF 550A Transmissions w/2:1 reduction Airsep crankcase ventilation system 422 Gallon aluminum forward fuel tank 683 Gallon aluminum aft fuel tank Oversize Groco sea strainer & sea valves for main engines Sea Recovery Aquamatic watermaker 600 GPD Ultraviolet sterilizer for watermaker product

---

## Construction Details

---

The boat is a composite construction using Kevlar Hybrid materials for superior strength and puncture resistance. Six longitudinal foam stringers and 20 transverse foam stringers enclosed with stitched woven roving, reinforce the entire hull bottom. The hull sides are cored. The engine stringers run from stern to bow with steel top plates for engine mounting. The Deep (19.5 degrees) Vee Hull has been designed to ensure a vessel with excellent sea keep qualities. Special attention has been given to a ratio between installed power, speed and fuel consumption. Two layers of Interlux 2000E primer beneath the bottom paint.

---

## Lazarette

---

(2) Engine mufflers (2) 50 Amp 220 volt cord reels (6) Ocean 3010 underwater lights Hydraulic pump for swim platform w/wireless remote (2) Rex Manufacturing 15 KVA transformers Macerator pump timer GFI outlet 110V Fluorescent lights (6) Step stainless & teak ladder to Aft Deck 12V Incandescent lights Lazarette is accessed through center section of aft seat & folding table

---

## Remarks

---

Built in Canada entirely of North American parts the 62' Neptunus is fast, economical compared to her counterparts and roomy. Anyone looking for a 59' - 65' motoryacht

must see WHATTA BOND. Her owner is building a larger yacht and this one must go!

Custom amenities abound in this very clean example of North American “Euro Cruiser”. Actual LOA is 65’ 9”.

---

## Exclusions

---

While every effort was made to list all pertinent included equipment aboard WATTA BOND, there are some personal belongings aboard. Prospective purchasers should assume any item not specifically mentioned herein will not convey at closing.

---

## Исключения

---

При продаже яхты исключаются личные вещи владельца.

---

## Отказ от ответственности

---

Компания предоставляет описание судна или яхты добросовестно, но не может гарантировать точность этой информации, а также не ручается за техническое состояние. Покупатель должен проинструктировать своих агентов или оценщиков исследовать представленную информацию более подробно, по собственному желанию. Продажа судна или яхты, изменение цены или снятие с продажи будет происходить без предварительного уведомления.
