## Overview

---

Deep Devocean is a 2016 92 Viking Enclosed Bridge equipped with a PBT Tower. This vessel without question is an outstanding representation on all scales of some of Viking Yacht Company's finest work to date. The 92 Enclosed Bridge Convertible/Yacht-fisher comes without any compromises. It allows its' owners and guests to travel and explore comfortably with exquisite motor yacht appeal comforts and enjoyments combined with performance, and an extremely competitive and versatile cockpit that is welcomed at any level of tournament fishing. Deep effort and thought went into the design of the 92, this one outfitted with extensive detail and appeal only enhanced what joy and success the 92 has achieved for its owners and crews. She has massive fuel capacity even with her well engineered SeaKeeper NG35000 placement, for long range exploring and offers homelike space allowing you to travel to your most prized destinations in class comfort and style.

Upon entering the 92 salon from its upper mezzanine balcony entertainment deck through double electric actuated doors, the first impression everyone has after a gasp of air is the enormous salon in what truly feels should be in a motor yacht. Special attention is drawn to a formal dining arrangement, expansive salon sofa to port with accompanying sitting chairs, large open galley al la tiered counter offering 5 bar stools inboard aft, perfect 65" TV placement for all vantage points to enjoy by still capturing a convenient and comfortable wet bar with sink and icemaker. She is further accompanied by 5 staterooms each joined by their own en-suite head, and that is not including the large pantry forward of the galley with a berth and built in dresser/storage drawers and day directly across to port. In addition, there is a motor yacht caliber captain and crew quarters accessed from the cockpit offering oversized upper and lower berths, microwave convection, washer/dryer and head complete with a walk in shower, cambria counter tops and custom teak Amtico flooring. The enclosed bridge, accessed via floating solid walnut steps from the salon is equally as impressive as the salon, with a volume feeling much like salon of a 62 convertible. Open and airy feeling with placement of large windows, most of your time will be spent here. Plenty of refrigeration, AV and navigational equipment provides endless opportunities for enjoyment and safe handling. Deep Devocean is completley dialed in and shows impeccably. This one is not to be missed.

# DETAILED INFORMATION

---

## Vessel Walk Through Overview

---

Entering the massive teak cockpit of the 92, the first thing you notice is the well thought out layout, versatility, and functionality of the boat. As you move up the port and starboard stairwells, you will notice the dual level air conditioned mezzanines, as well as an al fresco style dining area. The outdoor dining area also has two electric grills and a flip-down television in the overhang and includes stairwell access to the upper aft deck.

Heading down the companionway and stairs turning port and aft you will find the most impressive full beam master stateroom with a large walk-in closet, custom vanity and desk, and settee area nestled between banks of drawers. The master head has dual vanities with a large, glass encased walk-in shower. Back up the stairs to the companionway is the Captain's quarters with an en-suite head to port. The laundry room to starboard is equipped with full washer/dryer and is located in the companionway headed forward, as well as the storage linen closet.

To starboard is a guest suite with a walk-around queen size bed and an en-suite head. Just forward to port is another guest stateroom with queen size bed and an en-suite head. Each of these guest staterooms rival the size of the master in the 52 Viking. All of the way forward is the VIP stateroom with a queen bed and also with adjoining an en-suite head. The enclosed bridge includes a comfortable large L-shaped sofa, wet bar, entertainment system, TV on mechanical lift and ample seating to port and starboard at the helm, which has upgraded STIDD helm and companion seats. On the aft deck of the bridge, to starboard, is the aft helm dressed with teak pod, full electronics and controls, to port is the air conditioned aft facing seating overlooking the cockpit. The crew quarters are accessed through the cockpit and have self-contained accommodations with a galley, washer/dryer combo, full head, as well as over and under bunks with hanging lockers. The engine room is just forward of this area and houses most of the mechanicals of the boat with easy access to all machinery.

---

## Decor

---

- Prestige décor package
- Accessory décor kit
- Upgraded Dewberry style sofa Brisa Distressed -Navajo Ivory, piped in Brisa-Shitake
