Overview

Open to trade-ins. Financing is available through our network of providers. One of a kind custom wooden Danish Schooner. Can be used as a private yacht or continue its successful charter history that started this summer in Greece.

The boat has been custom built for the Lanitis family, one of the richest families in Cyprus. The construction was overseen by Kostas Lanitis, a well-known yachtsman. The original name of the yacht was Isabella L. It has always been used as a private yacht until it was purchased by the current owner. During this past summer, the yacht was certified as a commercial yacht able to carry 49 passengers for day cruises and had a successful season offering trips around the island of Milos in Greece. The vessel is fully compliant with all Greek state and safety regulations. The maintenance of the boat has always been meticulous and there are maintenance records available to serious buyers.

The present owner wants to purchase a larger motoryacht hence the sale.
