### Spacious and Comfortable Performance Trawler

#### This Defever Is In Great Condition!

Arthur Defever designed the 47' Performance Offshore Cruiser with a semi-displacement hull that allows her to reach speeds that most trawlers cannot attain. She can be cruised at a respectable 7-8 knots when fuel savings are essential or speed up to 15 knots when you have a schedule to keep.

Vera Kate is a galley up, three stateroom, three head layout. Her four level design would make a fantastic liveaboard, with plenty of storage and room for friends and family. Her massive sundeck and flybridge offer unparalleled outdoor living space.

She has been properly maintained and offers a tremendous value to those looking for a spacious liveaboard cruiser with a build quality synonymous with Defever Yachts.

Make an appointment to see her today!

#### Highlights Include:

### **Vessel Walk-through**

Entering the solid teak door from the sundeck you access the main salon and galley. The main salon features plenty of light with wrap-around windows, sofa, drop-leaf table, and an ottoman. The salon level is also home to the lower helm, and a large u-shaped galley aft. Walking aft and down three steps gains entry to two of the three staterooms. The full beam master stateroom features a queen centerline berth with innerspring mattress and a private head w/ soaking tub and shower. Walking forward down the corridor there is an office/guest stateroom to port, and a day head to starboard. Back in the salon moving forward you will find an additional stairway that leads to the forward stateroom, an additional head, and access to the spacious engine room.

The exterior living spaces on Vera Kate are impressive. The large sundeck has a hard top, wrap around removable isinglass panels, wet bar, entertainment area, and a heavy teak door with access to the interior of the vessel. There are boarding gates to both port and starboard, and an additional gate with a ladder leading to the fiberglass swim platform below. Walking forward and up four steps from the sundeck allows access to the flybridge area. The flybridge offers a plenty of seating for friends and family, a full isinglass enclosure, and access to the tender storage area and davit. Back on the sundeck level, there are wide walkways to port and starboard for accessing the large foredeck and bow area.
