SPECIFICATIONS

Overview

\$260,000 PRICE REDUCTION This 2011 Argos 70 Gulfstream was Built by Tricon Marine that builds up to 125' yachts. Designed by renowned naval architect Howard Apolliono and built for challenging seas and frequent Gulf Stream crossings. Argos 70 Gulfstream feature a unique profile, with a low center of gravity for a significantly reduced roll. The G70 will sleep six guests in three ensuite cabins, including a full-beam master suite. There are also crew quarters for two, located aft. She is a fast trawler that is a truly unique trawler/explorer yacht with long range capability at displacement speed and can also outrun a storm if necessary with a top speed of 17 knots.

Some of her standout features include:

- Portuguese Bridge
- Twin 715hp Caterpillar C12 engines (low hours)
- Twin 28kw Generators
- Dual Station Garmin Electronics
- Yacht Controller- (Remote docking)
- ABT Trac Fin Stabilization
- Hydraulic Bow & Stern Thrusters
- Expansive Flybridge w/ Crane davit and Novurania Tender
- Separate Captains Quarters
- 2,000 nautical mile range at displacement speed
- Original owner

Hull Configuration: Semi-Displacement

Engine Information

Engines: 2

Manufacturer: Caterpillar

Model: C-12

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview

The G70, as Tricon Marine also calls it, further features a low center of gravity for better stability and should resist roll better than other yachts. That's due to the proprietary hull design that Tricon Marine and naval architect Howard Apollonio devised for its Argos series. The design was extensively tank tested to ensure it would be fuel-efficient, especially for long-range and transoceanic travel. A good turn of speed was also a requirement. The G70 is expected to cruise at 17 knots and top out at 20 knots, powered by twin 715hp Caterpillar C12 diesel engines. At speeds slightly lower than the cruise speed, the yacht should also enjoy a 2,000-nautical mile range. Inside, the G70 will accommodate six people in three staterooms plus two crew members. As you'd expect of a luxury yacht, each stateroom will have an en suite head. Guests will also get to enjoy traditional features like a saloon — which should benefit from the large windows seen in the illustration — and dining area. A particularly nice layout twist is the split-level sundeck. Depending on how the owner decides to outfit it, toys like PWCs or a RIB can be stowed fully aft, freeing up the front of the sundeck for entertaining and relaxing. If there's just one water toy, there will probably be room both fore and aft for socializing. Aft cockpit with entry into main salon and galley to port. Helm flybridge helm has good visibility, with seating aft of helm chairs. Vessel sleeps eight in four separate staterooms. Six heads with showers located throughout the vessel.
