## Vessel Overview

---

Hooked Up is the most highly customized 70 Viking built **with a \$550,000 electronics/AV package and redundant systems throughout. She exceeds all other 70 Vikings by \$400,000 in upgrades.** She features the latest in technologies offering one of the most advanced AME electronic packages installed. With a custom interior layout, it offers a larger master stateroom and master head compared to the standard 70 Viking. Additionally, it was built with a custom RGB & W Savage lighting package throughout the interior and exterior.

Hooked Up is rigged to fish and is a proven tournament winner. With MTU 16V-2000 M94-2600MHP engines, it is blistering fast and includes MTU Extended Service Coverage. She was built with an optional 4th fuel tank to provide maximum capacity and range. She is guaranteed to get you to the fishing grounds first. The Seakeeper Gyro stabilizer ensures maximum roll reduction stability allowing you to fish or cruise comfortably in almost any sea condition. The cockpit features refrigerated fish boxes and a custom/removable tuna tube system. In the engine room you'll find (2) 1,800 GPD watermakers and (2) Eskimo ice chippers.

Hooked Up has been maintained to the highest standards and is a boat you don't want to miss!
