SPECIFICATIONS

Overview

This 350 spent the first 5 years on Lake Tahoe (purchased new in 2010), only the last year and possibly 20 hours have been in salt water. After every use the engines are flushed before being stored high and dry. The canvas and enclosure for this boat have been stored since new with only the mooring cover being used to protect the cockpit upholstery. This 350 SS will not disappoint and is TURN KEY ready for the next owner to enjoy!

Don't miss an incredible opportunity! This boat has the right engines (85hrs!!!), the right hull color, no bottom paint, AND a trailer!!!

Basic Information

Category: Cruiser

Vessel Walkthrough

The 350 SS is a perfect blend between performance and comfort. Formula's reputation for superb handling deepV performance hulls is the foundation for the 350. The fit and finish, from the plush cushions, to the Corian counter tops leaves nothing to be desired. Easily boarded on the large integrated swim platform, the 350 SS offers a reverse transom seat that converts to a sun pad. Stepping into the cockpit, a full wet bar with refrigeration and Granola Corian counter top is to port, with a spacious U-lounge to starboard. Forward, the portside sun lounge offers great support. To starboard, the double helm seat offers great vision and control with the Garmin GPS located directly above the wheel, and the Axius joystick comfortably positioned within reach. Stepping into the cabin a full stand up head and refrigerator is to starboard with the galley to port. The forward V berth also converts to a dinette with the table storing conveniently under the forward cushions. The aft berth allows a second couple or children to also enjoy an overnight. The 350 SS was offered with 3 engine packages. This particular boat was equipped with the top option, the 496 MAG HO's listed at 425 horsepower. The hydraulic lift for the engine room allows access to both the main engines and the Kohler 7.3 kW generator. This 350 SS also INCLUDES in the sale a **custom triple axel Dorsey trailer with new brakes in 2016!**
