# DETAILED INFORMATION

---

## Manufacturer Provided Description

---

The Cruisers 375 Motoryacht offers unparalleled elegance and she has a well-deserved reputation for performance on the water. One of the significant features of the 375 is the use of molded-in steps rather than ladders. Only one step separates the walk-around from the aft deck, allowing ease of movement and creating a more relaxed atmosphere.

Even better, this lower profile has not taken away from the master stateroom, which boasts 6 feet, 6 inches of headroom. Functional aft boarding steps also make for easy access from the dock. The spacious main salon, queen-size berths in each stateroom and the exceptional headroom found throughout the boat, all blend intelligently to bring the highest level of comfort and enjoyment available in an aft cabin in this class.

The 13-foot, 8-inch beam not only provides more interior room, but also assures better handling and stability on the water. The forward stateroom is served by a separate head and shower, while the master stateroom aft offers the convenience of a separate molded-in bathtub with shower.

The exceptionally roomy galley is designed to make light work of meal preparation with available food processor, coffee maker, microwave, large refrigerator/freezer, electric stove and ample counter and storage space. Maintaining the perfect mood on board is easy with a deluxe stereo sound system. Air conditioning and heating units also provide a comfortable temperature throughout the boat in any weather.

On deck, Cruisers Yachts' 375 Motoryacht offers the experienced boater lots of room at the helm for electronics and navigation equipment, plus ample seating for the captain and guests. An ice maker is the perfect compliment to a wet bar that serves the aft deck and flybridge lounge.
