Всего кают: 3

Всего ком. состава: 2

Корпус и палуба

Материал корпуса: Fiberglass

Информация о двигателе

Производитель: Caterpillar

Модель: C18A

Тип двигателя: Inboard

Тип топлива: Diesel

ПОДРОБНОЕ ОПИСАНИЕ

2015 62 Princess

Remarks

This outstanding vessel is, without doubt, the newest and most comprehensively equipped Princess V62S currently available anywhere in the world. Originally specified and outfitted by a very experienced and knowledgeable yachting group to be a part of their comprehensive fleet of pleasure yachts, this vessel has every conceivable amenity and convenience from upgraded hydraulic bow thruster and comprehensive electronics navigational and communications package, to the second generator, passerelle, and submersible swim platform all is designed to optimize the owners' and guests' enjoyment and experience aboard.

This Princess V-62S represents a tremendous opportunity to acquire a superbly well-kept and maintained vessel for a price significantly less than a comparably equipped brand new boat. Seriously for sale and ready for immediate delivery, this spectacular yacht will not last long in the market. Please call today to arrange an inspection at your convenience. You will not be disappointed.

VESSEL WALKTHROUGH and Accommodations

The PRINCESS V-62S offers multiple interior and exterior entertainment and accommodation areas for the owner and his guests. Commencing aft with the spacious open aft deck cockpit area which features a very large Ushaped settee to port with a folding teak dining table and a large countertop cabinet to starboard that contains an electric barbecue unit, refrigerated drink box, and sink. Immediately aft of the seating area is an expansive sun pad that extends out over the large, hydraulically actuated tender/storage garage. A staircase to starboard accesses the submersible hydraulic swim platform. Off the swim platform to port are an additional set of stairs that lead up to the port side deck that allows direct access to the foredeck. The foredeck area offers additional sunbathing space on large deck pads.

From the cockpit, one enters the salon through the sliding glass and stainless steel retractable doors that open two thirds of the way to allow the interior salon and the exterior cockpit space to merge into one continuous area or be closed off from each

other as the owner desires. The salon has a large Ushaped settee to port with a round walnut finished shaped coffee table and a sideboard unit with glass and bottle storage, refrigerator and icemaker to starboard and also housing the hidden pop up flat screen Sat TV and stereo system. The color scheme here and throughout the interior of the yacht is one of soft tones of cream and gray contrasted with the darker satin finished walnut and wenge wood cabinetry and decks.

Forward in the salon area is the fully instrumented helm area to starboard with black leather electrically actuated adjustable helm and companion chairs that offer an unparalleled view of the water while the boat is underway. An electric sliding roof provides for an open feeling while underway.

Forward and down a flight of companionway stairs is the lower galley and salon/dinette area. The salon/dinette seating is to starboard with the fully equipped galley to port. All the way forward on this lower level is the private VIP guest stateroom with a full sized double bed on the centerline and a private ensuite head with separate stall shower. Aft of the lower salon/dinette to port is the third guest stateroom with side by side twin berths.

Finally, all the way aft to starboard is the entry into the spectacular full beam owner's suite. This stateroom is bathed in light from the two huge panoramic windows to port and starboard that extend from just above the water line and reach almost to the ceiling. Lying in the overlarge queen size centerline bed with the window covers open one has the sense of floating on a raft at sea level with the waves and water all around. It is an incredible experience. Opposite the master berth on the forward bulkhead wall is the flat screen TV. The suite is completed by a large settee under the window to starboard, a makeup table and storage cabinets under the window to port, and the separate master head forward to port with a separate large walkin shower. Again, all the lower quarters on this deck are finished in varying soft shades gray & cream offset by the darker satin finish walnut cabinetry.

HELM

- Video camera monitoring system in engine room and aft facing in cockpit
- Twin helm seats with electric adjustment
- AC/DC control systems panel
- Electric opening window Port and Starboard
- Instrument panel
- Full engine instrumentation
- Fuel gauges

- Electronic engine and gear shift controls
- Power assisted
- Side power hydraulic bow thruster control
- Rudder position indicator
- Remote control searchlight controls
- Compass
- Twin windscreen wipers
- Windscreen freshwater pressure wash
- Bilge pump controls with visual 'pump running' indicators
- Fuel contamination alarm system
- Air conditioning
- 12v outlet
- Red night lighting
