## Overview

---

Experience the exhilaration of 48 knots on a 72 ft open boat designed for passage making and entertaining in total luxury contained within a state of the art environment. The power and performance is generated by twin 1823 hp Common Rail Engines with Arneson surface piercing propellers. This Pershing 72 has a tropical specification which means a bigger generator and high BTU air conditioning for a tropical climate.

The interior provides total control of light and climate. At the touch of a button the glass partition in-between the aft cock pit and saloon completely disappears into its own housing to create the largest cockpit in her class. The aft hard top slides away or extends and the saloon has a sunroof - the environment is under your complete control.

The sleeping accommodation is extraordinary with the mid ship master being flanked by large hull windows sitting just above the water line. All cabins have modern en-suites with the same contemporary finish which carries throughout this state of the art vessel.

For those who would like to be introduced to this amazing Pershing 72 we encourage you to inspect by appointment or request a full specification with Lee Marine today.

- Tropical Specification
- Garage with jet ski and jet tender
- 1823 HP twin MTU engines with Arneson Surface Drive(ASD) Water Maker
- Full Navionics Package with remote Cameras
