## Overview

---

Happy Days is an immaculate 34m Custom Line yacht that is available for immediate delivery in Asia. Delivered new by us in 2013, she is your villa on the sea and is a proven performer whose adventures will inspire you. Maintained and operated by a professional crew since launch, and benefitting from recent works to make her ready for the next owner, this is an opportunity to walk onto a perfect yacht ready for your immediate enjoyment.

She features spacious areas, both below decks and in the open, a master suite on the main deck and four spacious guest cabins with large open view windows overlooking the sea. The interior is light and bright with bleached oak timbers, wood flooring throughout the main deck and a color palette provided by Luxury Projects which give the yacht her unique and distinctive flair.

Powered by twin MTU 2775HP engines, she cruises at 23kts and has a 26kt top speed. On board comfort is guaranteed by 4 x Mitsubishi ARG zero speed stabilisers and TRAC fins for cruising stability. The large garage houses the tender and jetski, whilst a foredeck garage offers plenty of space for the toys.
