SPECIFICATIONS

Overview

Tiaras are well known for their reputation for engineering and quality. This 3500 Open is a case in point: she's a beautifully crafted express cruiser whose classic styling has held up well over the years. Built on a modified-V hull with a wide 13'3" beam, prop pockets reduce draft and shaft angles.

Reel Adventure features a large cockpit that provides an excellent platform for fishing lovers. Get out-and-back fast & economically too! Transom door, wet bar, and in-deck fish box are standard; an Ice Maker was added just last year - and the entire bridge deck rises on hydraulic rams for access to the motors.

Below decks, the spacious single-stateroom interior of the 3500 Open can only be described as lush, with handcrafted teak, a true queen master berth and a settee that converts to over/under bunks. The fine wood joinery, leather upholstery, and a full teak-and-holly cabin sole make a rich statement. Additional features include an L-shaped lounge opposite the helm with a custom table, plus aft-facing cockpit seats to watch all the fishing action, an electric windshield vent, an integral swim platform with an Olsen davit, and a bow pulpit.

She also features twin 370hp Cummins diesel engines!
