## Remarks

---

This boat was kept in fresh water with undercover dockage until 18 months ago. The gelcoat shines and the stainless look perfect. The engine room has been maintained with effort and care. The cockpit and cockpit steps have had Seadeck decking material added for great looks and non-skid safety.

## Owner's Notes

---

Captain likes being able to run from the upper helm on nice, sunny days when entertaining guests, and from the lower helm in comfort during less than ideal conditions. Also, the railing on the aft flybridge allows extra area for guest use during day cruises. KALIALYN is a great cruising vessel, as it offers several areas for guests to enjoy the view. Sit on the aft deck and watch the dolphins jumping the boat's wake. The overhang from the upper deck shades the sitting area. Sit on the flybridge and enjoy a great view of the surrounding waters. Sit on the bow, feel the wind in your face, and watch the water fly by without hearing the engines. The large swim platform offers yet another spot for guests to sit in lawn chairs while the boat is docked or at anchor, if they wish, or sit and dangle their feet in the water. It is large enough to be outfitted to carry a tender.

- All Garmin electronics updated January 2014. See QCS Marine Electronics invoice for details
