SPECIFICATIONS

Overview

Designed as an entry-level motoryacht with superyacht attitude, this new Horizon V68 is focused on safety, solid architecture, and a plethora of amenities. She has been planned inside and out with large open spaces, from a voluminous interior that takes advantage of her 19'6" beam to her spacious aft deck and open flybridge. The three stateroom/three en suite head layout offers unparalleled accommodations, and the open galley layout provides easy entertaining access for the salon, country kitchen, and outdoor areas. With her shallow draft and extended cruising capabilities, the V68 is ideal for new boaters, families and owner/operators looking for fun and adventure.

Advanced systems, safety in design, luxurious finishes and options for customization are the cornerstones of the V68 model. Created in collaboration with Jonathan Quinn Barnett and Stimson Yachts, the V68 offers a plumb bow design that contributes to the yacht's generous beam while also providing improved performance. Retaining Horizon's signature quality inside and out, the new V68 motoryacht allows owners to take long-term cruising in under 70 feet.
