Engines: 2

Manufacturer: Cummins

Model: QSB 5.9

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

Walking up to “Flirty Girl” dockside you will see a very clean well cared for yacht. Her below rub-rail hull shows no dock rash and has a great shine to her. Her bottom paint is less than a year old and she is maintained properly by her owner. You will see a very nice swim platform with Tiara’s amazing nonskid pattern and a very nice walk thru “Tuna Door which leads to the comfortable cockpit. This layout is works well for fishing and is also set up for entertaining with a removable bench seat facing aft. (2) Yacht Style chairs and a pull out forward facing bench seat. Ample built in storage for dock lines and fishing gear along with floor storage that is designed to be a fish box along with a separate baitwell. She has rocket launcher over the hardtop and built in rod holders into deck which would be great for a removable grill. Her engine access is very impressive. Hit a button and the helm sole comes up on hydraulic rams with easy access to the clean engine room. Her batteries were replaced in 2017 and all appears to be in order. Lowering the engine hatch brings you to the helm area with double helm seat, refrigerator, wet bar and another baitwell/cooler. There is a swivel companion seat so you can face forward or have full L shaped seating. Helm air for the captain will be appreciated along with a venting forward windshield. A well laid out helm with electronics and thruster controls make for easy maneuvering. Down below the teak and holly flooring give the boat a warm feeling then you notice how large the cabin is. Plenty of headroom, full galley, nice head with shower and sleeping for up to 5 make this boat impressive.

A quality yacht with range, ride and classy good looks makes this boat worth every penny. All photos are current. I have been aboard this vessel and can describe her condition accurately.
