SPECIFICATIONS

Overview

The 23SC is a perfect blend of style, size and performance. This mid-sized, outboard bowrider is created to do it all well! With either a Yamaha or Mercury outboard, you can get into the shallowest of waters while not sacrificing performance and all the while keeping maintenance to a minimum. This vessel offers a built-in head under the port console to make sure your time on the water is not cut short, and in addition, offers not only a bow ladder for beach landings but also a stern ladder for easy access in and out of the water.
