Overview

Lady Crystalline is a one owner boat that has enjoyed tremendous care from a very conscientious owner. This boat shows better than new from bow to stern, including the interior and engine room. She is waxed every 3 months and the interior has only been lightly used.

Sea Ray created the 450 Sundancer to provide a cruiser with an enclosed bridge deck with a large, retractable sunroof while also incorporating all the key features that have taken their express cruisers to the next level. Features such as luxury accommodations and a unique room for enjoying some good movies at the end of the day.

There's simply nothing else like the interior of our 450 Sundancer. The open cabin stretches, impressively, from the master stateroom forward to the spacious galley and salon/dining area and all the way back to the media room with 40-inch TV and Bose surround sound system. Low hour Cummins QSB-380 Common rail diesels with Joystick-controlled Zeus pod drives are economical, powerful and simple to operate.
