

## ANGANTYR — ABEKING & RASMUSSEN

**Судостроитель:**

ABEKING & RASMUSSEN

**Год постройки:** 2015

**Модель:** Крейсерская яхта

**Цена:** ЦЕНА ЯХТЫ ПО ЗАПРОСУ

**Местонахождение:** United States

**Длина общая:** 61' 0" (18.59m)

**Ширина:** 17' 2" (5.23m)

**Мин. осадка:** 5' 4" (1.63m)

**Макс. осадка:** 10' 0" (3.05m)

**Крейс. скорость:** 8 Kts. (9 MPH)

**Макс. скорость:** 10 Kts. (12 MPH)

Купить **ANGANTYR — ABEKING & RASMUSSEN** а также выбрать подходящую вам яхту из нашего каталога яхт вам поможет опытный яхтенный брокер Андрей Шестаков. На сегодняшний день компания **Shestakov Yacht Sales Inc.** имеет большое количество яхт в собственном списке продаж, а также тесно сотрудничает со всеми крупными яхтенными производителями по всему миру.

Для того чтобы купить яхту **ANGANTYR — ABEKING & RASMUSSEN** а также проконсультироваться по любому вопросу связанному с покупкой, продажей, чартером яхт позвоните по телефону **+7(918)465-66-44**.

Blue Water Cruiser

Built 1964 with Refit 1995 and 2010-18

Built to last a Lifetime or Two !

- Just needs 6' of water and less than 6" ice
- Full Keel w Bow Thruster
- Balanced rudder in Aperture
- Cutter Rig
- Full Keel
- Twin Centerboards for helm balance
- Three Bladed Feathering Propeller
- New Sails
- 2010 - 2018 Complete Refit
- New Volvo 180hp Diesel w 300hrs
- Watermaker
- Heat and Air Conditioning
- Raymarine Electronics
- Inflatable Dinghy and Outboard on Deck Storage
- Presently in La Paz, BC Mexico
- Available for Charter (fee towards sell price)
- Just Completed 2017 Baja Ha Ha ! With Broker Aboard !

## Основная информация

---

**Тип судна:** Крейсерская яхта

**Подкатегория:** Классическая яхта

**Модельный год:** 2015

**Год постройки:** 2015

**Страна:** United States

## Размеры

**Длина общая:** 61' 0" (18.59m)

**Длина по ватерлинии:** 45' 0" (13.72m)

**Ширина:** 17' 2" (5.23m)

**Мин. осадка:** 5' 4" (1.63m)

**Макс. осадка:** 10' 0" (3.05m)

**Длина привального бруса:** 61' 7" (18.77m)

## Скорость, вместимость и масса

**Крейс. скорость:** 8 Kts. (9 MPH)

**Макс. скорость:** 10 Kts. (12 MPH)

**Водоизмещение:** 80000 Pounds

**Вместимость воды:** 450 Gallons

**Вместимость сточного бака:** 40 Gallons

**Объем топливного бака:** 620 Gallons

## Размещение

**Всего кают:** 3

**Всего коек:** 7

**Всего ком. состава:** 1

## Корпус и палуба

**Материал корпуса:** Steel

## Информация о двигателе

**Двигатели:** 1

**Производитель:** Volvo Penta

**Модель:** D-4

**Тип двигателя:** Inboard

**Тип топлива:** Diesel

## Angantyr Write Up

---

Built 1963 (launched January 1964) by Abeking & Rasmussen, Lemwerder, Germany

Designed by MacLear and Harris, New York, New York, 1962, and re-designed 1995

Docked 2007-2014 at Houston Yacht Club on Galveston Bay, Texas

2014-2017 in Marina del Rey, California

2017-2018 in La Paz, Mexico

Owner/captain: Leif Erik Oistad

Cutter-rigged sailing vessel (single mast with mainsail and two foresails)

Hull and decks: steel; lower hull underbody plating 9mm (5/16"), upper hull underbody plating 7mm (1/4"), uppermost hull body plating 5mm (3/16"), vertical keel 2" amidships and 1" plate fore and aft

Engine: Volvo D4, 180 hp, installed 2016, cruising speed 8 knots at 2,000 rpm, max, 10 knots

Tankage: fuel 620 gallons, water 450 gallons; Aqua Tech reverse-osmosis water maker capacity 600 gallons potable water per day

Length overall: 61' 7" / Length waterline: 45' / Beam: 17'2"

Displacement: 80,000 lbs

Draft: 5'8" / 10" (two centerboards, 2" steel plate)

Ballast: 18,000

---

## The Name, The Story

---

Yachtsman James W. Crawford, Jr., had already circumnavigated by way of the Cape of Good Hope in his 72-foot wooden Alden schooner *Dirigo II* when he conceived *Angantyr* and commissioned MacLear and Harris to design her. *Angantyr* was not designed for racing, although she is fast and has won races. Rather she was designed for Crawford and his family to live aboard comfortably while cruising.

She is named for an ancient Norse king who ruled the Orkney Islands about the time King Arthur sat at the Round Table. ...King Angantyr is also mentioned favorably in the Icelandic sagas for his hospitality:

“None ever came to the great hall without a warm welcome and food for the belly.”

Abeking and Rasmussen of Lemwerder, Germany, world-renowned since 1907 as a builder of custom yachts and of German naval ships, built *Angantyr* in 1963-1964. According to Crawford, when Abeking and Rasmussen engineers first saw the plans for *Angantyr*, they declared she was not just another custom yacht, but would be built as strong as a battleship.

Crawford had experienced a few knockdowns in his blue-water sailing career and as a result he had *Angantyr* designed and built to withstand a severe grounding without significant damage and “to go anywhere where there was at least six feet of water and less than six inches of ice.”

“Two famous cutters of my acquaintance used for single-handing are Frank Casper’s *Elsie* and James Crawford’s *Angantyr*. The latter is over 60 feet long, displaces 35 tons, and carries 1,647 square feet of sail, and she demonstrates how handy the cutter rig can be even for such a large, heavy vessel. Crawford sailed his boat solo across the Atlantic, and he occasionally managed her alone with apparent ease on crowded inland waters. I once saw *Angantyr* with only one man aboard beat to windward under full sail through a small, crowded anchorage during a popular regatta, she seemed to weave her way through the anchored fleet of yachts and come about between them with no trouble at all. Of course, such boat handling is as much due to the skill and experience of the skipper as it is to the qualities of the vessel, her rig, her gear.”

Crawford was awarded the Blue Water Medal by the Cruising Club of America in 1974 for his **single-handed transatlantic crossing in 1970 from Madeira to Antiqua in 19 days aboard *Angantyr*.**

This is the highest honor bestowed on the world’s cruising sailors for their accomplishments in ocean passagemaking. This medal has been awarded annually since 1923 to small boat crews who, through outstanding seamanship, have exemplified the goals of the club. The recipient is selected from all amateur yachtsmen of the world.

#### Blue Water Medal 1974

“How wonderfully the ship behaved! Kindly motion. easy to handle, and surprisingly fast, considering that she is surely the strongest vessel of her size afloat. She balanced like a dream—the twin centerboards giving the hoped-for control of lateral plane. Close-reaching at nine knots, we could stroll away from the wheel for 20 minutes at a time. The balanced rudder gave her one-spoke control.

On deck it was cold, but below, the children played in the cozy warmth while the geraniums nodded beside the Madagascar jasmine in the skylight.

With over a ton of fresh water in the double-bottom tanks we took hot baths with luxurious abandon and savory meals came from the gleaming galley with satisfying frequency.”

*Angantyr* has been featured in Jim Crawford’s *Count the Cats in Zanzibar*, Arthur Beiser’s *The Proper Yacht*, Richard Henderson’s *Chesapeake Sails: A History of Yachting on the Bay*, yacht designer Robert Harris’s *Tracks on the Water*, and in Henderson’s *Singlehanded Sailing*. Both

Crawford and *Angantyr* have been cited in many other publications as well.

In 1995 *Angantyr* was re-designed by the original designer Frank MacLear. The wooden mast was replaced with a taller aluminum mast and all new rigging and sails. The forward doghouse was removed and a steel-framed hard top was added to the cockpit. Teak seating was also added to the cockpit.

“...The Bay of Biscay was reasonably kind to us, although I went a mite short of sleep because a large percentage of the world’s maritime trade goes by Finisterre and I’m the kind of nervous type of skipper who likes to be on deck in in poor visibility and heavy traffic. I certainly appreciated the sea berth Bob Harris designed for me by the chart table.”

—Jim Crawford
