Engine Type: Inboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Walkthrough --- Manufacturer Provided Description

The 340 Sundancer has a large cockpit, a well-appointed cabin, and a serious base power plant, to summarize Sea Ray's finest sport cruiser. Designed for entertaining on a higher scale, the 340 Sundancer features a portside entertainment center complete with wet bar, cooler and icemaker. The cockpit table converts easily to a spacious sunpad by inserting the matching filler cushions.

With high-quality marine-grade vinyl, every seat is amazingly comfortable, from the adjustable helm seat with flip-up thigh-rise to the full aft-facing seat with a convenient storage base and cooler. There's also comfortable aft bench seating. Other standards include a self-bailing fiberglass cockpit liner, snap-in carpet, cockpit bolsters and more..

At the helm, the captain has a broad dash that places everything in easy sight and reach, including illuminated weatherproof rocker switches, standard Raytheon VHF radio, digital depth finder, compass, and full backlit instrumentation with a concealed circuit breaker panel.

Under the electrically operated engine hatch, the standard 370 horsepower twin MerCruiser 8.1L S Horizon V-drives provide an exceptional ride with responsive handling, thanks in part to the heavy-duty hydraulic steering.

The forward stateroom has a full-size berth with two hanging mirrored lockers, a vanity, and plenty of personal storage space. The mid stateroom features Sea Ray's design in which the conversation pit converts to a private double berth. In the salon, a choice of seating plans allows for even more sleeping space with a convertible dinette, or a stylish couch and table with storage below.

The galley of the 340 Sundancer features all the comforts of home, including a 3.4-cubic-foot refrigerator, microwave, flush-mount two-burner electric stove, and fiberglass countertop with sink and cutting board cover to create even more usable space.

An extended swim platform with concealed stainless steel ladder allows for clutter-free boarding access from the water. There is also dockside power, fresh water wash down with a hot and cold cockpit shower and dockside inlet concealed in the transom.

Exclusions

Owner's personal belongings.
