SPECIFICATIONS

Overview

Patience is a beautiful example of what an experienced yachting family can create with excellent taste, a great captain and a little bit of money. A full refit was undertaken in 2014 and completed in 2015 to include a 10' extension, exterior paint job, electronics and AV equipment, the entire interior as well. All of the interior walls and cabinetry were painted with Awlcraft, accented with teak trim throughout and contrasted with teak and maple flooring creating a modern, but classic nautical look at the same time. Patience is the type of yacht that you fall in love with. DYSID:3173384

Basic Information
