DETAILED INFORMATION

38 Center Console Overview

In the entire fleet of Fountain / Mercury trophy-winning boats, none is more dedicated to bringing it fast than the brawny 38 Center Console. Race-proven and tournament tested, the Reggie Fountain Designed Super Ventilated Positive Lift hull, powered by newly re-powered three 400-hp Mercury Verado Racing outboards on our integrated transom bracket, Sky's the Limit will beat the competition every time.

After the re-power she now cruises at 55 mph while consuming a mere 1.4 mpg. This is faster than most boats can run WOT. Advance the throttles on this magnificent machine and watch it climb to a jaw-dropping 85 mph. The leaning post has 5 rocket launchers so you can transport your rods while keeping them within easy grasp. Rod stowage abounds in two lockers forward and in the center. In the market for a fast, tough, efficient, high-performance fishing go-fast machine? Sky's The Limit...
