## Overview

---

Designed by Robert H Perry and built by Marine Metals Inc / Howdy Bailey VA - USA. "Illusion" is a spectacular and quality aluminum vessel that has been refit over her life to maintain her beauty and integrity by her owner and full-time Captain. Continuous improvements and maintenance are apparent as soon as you step on board. The attention to every detail including her custom design and robust build makes her a head turner in every port she visits. For example, her bulletproof Carbon rig, Rod rigging, 3 furling headsails to her recently replaced engine and generator. Clearly the best aluminum sailing yacht available in Florida and beyond. She is turn key and ready to sail anywhere in the world. She is the one you have been waiting to own without compromise. Sturdy, safe, functional and beautiful lines. 3 Cabin/3Head Owner's Layout with full beam Centerline Aft Cabin.

**Fireboy** CG2 & NM2 series, Engine room fire extinguishing system

6 Fire Extinguishers

CO2 Detector

**Spectra** Newport 400 water maker

The Newport 400 MKII operates on as little as 15 watts per gallon (4 watts per liter), making it possible to run your system on a small generator, solar, wind, batteries. Multi-speed capacity allows machine operation on high mode for maximum product flow or low mode for maximum efficiency, making it ideal for onboard power management. The system will automatically switch to low mode to extend the prefilter life in challenging feed water. The standard MPC 5000 control system automatically operates and maintains your watermaker, fresh water flushing the system to keep it clean to extend your system's lifespan.

Production / Day - 400 gal (1514 l)

Production / Hour - 17 gal (64 l)

**Reverso** engine oil change system

6 Bilge Pumps

Engine driven Emergency Bilge pump with manifold

VacuflushTiolet system using FRESH water
