Hull Designer: Hatteras Yachts

Engine Information

Engines: 2

Manufacturer: Caterpillar

Model: C-32A Acert

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

JOLLEY ROGER is a 2006 Hatteras 68' "Enclosed Bridge" Convertible Hatteras that is powered with Twin Caterpillar 1800hp (**Only 460 hrs SMOH by Certified Diesel with warranty until March 2020**) and Twin 27.5kw generators. There are four staterooms with four heads along with a very large salon that has a U-shaped leather couch to port and a galley and dinette just forward of the salon. The interior staircase from the salon leads to the enclosed bridge. JOLLEY ROGER offers a 217 square foot fishing cockpit along with a raised mezzanine. This area has teak flooring and a fighting chair. As you make your way from the mezzanine through a sliding door you enter into a 21' 6" very wide salon. For a 68' convertible or yacht this beam is extremely wide and offers great space. There is new carpet throughout. To the port has a large U-shaped new leather couch. The TV is to the starboard side and can be viewed in the down position while running or can be viewed in the up position. Just forward of the salon is the very large galley to the port. It is a U-shaped area with granite countertops. The dinette is to the starboard. JOLLEY ROGER has four staterooms below with the master being mid ship and full beam. Large port hole windows, king size bed and access to the master head to the starboard side. Large walk in closet to the port. As you make your way out of the master there is a day head to the port side along with the port stateroom. This stateroom offers a single bunk and plenty of storage. To the starboard is a VIP stateroom with two singles that will slide together to make a larger bed. This stateroom offers it own private head and shower. Just forward is the bow stateroom that offers a bed centerline with walk around sides and plenty of storage throughout. This stateroom offers it own private head as well. JOLLEY ROGER has an enclosed bridge that is access from the salon through an interior staircase or from the mezzanine where there is an aluminum ladder that is angled for easy access to the aft flybridge. The enclosed flybridge has an L-shaped raised seating area to the port with a granite triangle table. There are two riding seats to the port and starboard of the center line helm chair. The helm offers all the electronics necessary for any adventure. The large aft window goes up and down to allow fresh air into the bridge area and there are two opening hatches in the ceiling. The sliding door to the aft area of the flybridge offers a bench seating and an additional helm. JOLLEY ROGER is located in Ft. Lauderdale and easy to see. This is one of those fishing yachts that raises fish and allows the owners to enjoy the interior and comforts of a motor yacht.

Recent Updates 2019

- Only 460 hrs on rebuilt motors overhauled by Certified Diesel, warranty till March 2020 or 1000 hrs.

Generator:

- (2) 27.5kW freshwater-cooled Electronic Onan Generator(s)
- Recent full service completed per manufactures specs August 2019

Recently Replaced Items 2017:

- After Cooler Core
- Steel Fuel Lines (Port)
- Raw Water Hose (Port)
- Reseal left rocker box (Port)
- Reseal heat exchanger cap adapter (Port)
- Replace steel coolant vent lines with hose (Port)
- Oil and filters (Port)
- Flex Transmission pressure hose (Port)
- Thermostats (Starboard)
- Raw Water Hose (Starboard)
- Transmission raw water fittings at cooler (Starboard)
- Hose from transmission cooler (Starboard)
- Hose from raw water pump outlet (Starboard)
- Reseal right rocker box (Starboard)
- Clamps on left side raw water hose (Starboard)
- Flexible trans hose (Starboard)
- Reseal oil fill (Starboard)
- Steel coolant vent lines (Starboard)
- Coolant fill cap (Starboard)
- Coolant jumper hose (Starboard)
- Replaced heat exchangers
- New Injector and Valve Job

Engine Room Equipment:

- Water maker
- (2) Transfer pumps
- Fresh water A/C backup pump
- Fuel transfer system spar pump with emergency transfer add on
- (2) Infrared LED color day/night cameras

- Water manifold with centralized shut-off valve for sinks and showers
- AC fluorescent lights
- DC lights
- Variable speed air induction system for engine combustion air with two 16" vaneaxial fans ducted to cockpit and controlled by pressure and temperature
- Polyethylene water lines
- FM200 fixed fire extinguishing system
- AC freshwater pump
- 40 gallon electric water heater
- AC compressed air system with air line and regulator (recently refurbished)
- U.L. Marine listed fiberglass fuel tanks
- Fiberglass holding tanks
- Fiberglass water tanks
- Oil changing system for engines, gear and generator
- Electric fuel priming pumps, engines
- Electric fuel transfer system with two pumps (pumps new 2019)
- Emergency Fuel Transfer Switches
- Seawater pressure system with AC pump
- Air conditioning compressors and pumps
- Painted polyurethane engine room and bilges
- Isolated discharge sea chests
- Pultruded fiberglass rudder shelf
- Pick-up sea chests
- Panasonic Telephone System

Bow

- Windlass: Maxwell 2500 Upgrade to 300' 3/8" Chain
- Davit (Rebuilt 2019)
- Life raft - Viking
- Fortress FX85 Anchor
- Fiberglass pulpit

Electrical Systems

- Two 24-volt banks of heavy duty 12-volt marine batteries
- 240 Volt automatic/programmable battery charger
- Air conditioning (124,000 BTU with enclosed bridge)
- Two 240-volt, 50 amp retractable shore cords
- AC and DC light fixtures
- Navigation lights

Underwater Gear

- (2) Under Water Lights
- Prop Speed on Running Gear
- Bottom was Redone 2019

Miscellaneous

- All hardware chrome polished 316L stainless steel
- Dual air horn
- 7-blade propellers, Nibral high performance
- Alloy 22 high-strength propeller shafts, 4"
- Central vacuum system
- Manganese bronze dripless shaft and rudder seals
- Prop removal/installation tool
- Engine and generator exhaust exits through hull bottom and transom
- Wireless remote control for cablemaster
