2001 52' BLUEWATER 5200

Port engine replaced.

PERFECT BOAT TO DO THE GREAT LOOP IN! The Bluewater 5200 is like living in a small condo with a great upper helm with all the amenities. There is no comparison with ceiling height and ingress egress to the main salon to a Sea Ray or most other yachts of this size. This Bluewater 5200 Millennium Edition Motor Yacht was designed as a big boat that can go many places even in thin water. Bluewater Yachts are built to be "easy to handle at sea, yet would also be able to be nosed up on a sandy beach." That's what Bluewater founder, Jim Klapmeier, intended and according to reputation that's what he achieved. This 52 is a perfect live aboard with many new furnishings and is turn-key ready for a new owner.

Owners have lived aboard since 2001 (their Florida home) and have travel extensively in the yacht: The yacht was purchased in Kentucky and the owners drove the yacht via Ohio, Tennessee, Ten Tom, down Mobile Bay, across the Gulf of Mexico, to the West Coast of Florida and finally to Miami Beach.

The owners have spent many months the Bahamas and in the Abacos, generally gunkholing around. The yachts shallow draft allowed the owners to go to many places that other yachts cannot go.

The owners have cruised the Bluewater to Key Largo, Key West, and many other Keys.

Additionally the owners have cruised the Bluewater along the Intercoastal from Ft Lauderdale to Palm beach, St Augustine, Hilton head, Charleston and Savannah.

In 2006 the owners moved the Bluewater to Baltimore for two years in order to explore the Chesapeake Bay area.

From Baltimore they owners cruised the Bluewater up the Potomac River to Washington DC, practically in front of the Washington Monument. From Baltimore the owners cruised the Bluewater to New York City and up the Hudson River to the Erie Canal.

The owners have effectively cruised aboard the the Bluewater for 3/4's of the Great Loop!

Returning to Florida, the Bluewater travel to the West Coast via the Okeechobee.

The boat is currently located in Ft Lauderdale.
