## Overview

---

Are you looking for a vessel that will stand out on the water? This 36 Manatee is #87 of 99 ever built and is the center of attention wherever she is encountered. Granted, her appearance is unconventional, when you see her you can't help but smile and once you get to know her you can't help but like her. She is the most spacious 36 foot boasting abundant area for entertaining, 6'5" ceilings, large galley, single stateroom, and an unbelievable amount of storage. She has a 150hp Volvo diesel engine that has only 2630 hours since her installation in 1998. She has a bow thruster, generator, reverse cycle heat and air, Osprey Marine Composite bottom job, and recent canvas. She has a full-cored hull solidly constructed with a wide beam, a relatively deep keel that protects her running gear, and hard chines that keep her stable at anchor and underway. She is economical to operate, functional, comfortable, and safe - perfect for a solo cruiser yet large enough for a couple. This is YOUR chance to own a legend!

## Basic Information

---

**Category:** Tender

**Model Year:** 1988

**Year Built:** 1988

**Country:** United States

**Vessel Top:** Enclosed

## Dimensions

---

**LOA:** 36' 0" (10.97m)

**LWL:** 34' 0" (10.36m)

**Beam:** 13' 8" (4.17m)

**Min Draft:** 3' 2" (0.97m)

## Speed, Capacities and Weight

---

**Cruise Speed:** 8 Kts. (9 MPH)

**Displacement:** 23000 Pounds

**Water Capacity:** 300 Gallons

**Holding Tank:** 150 Gallons

**Fuel Capacity:** 280 Gallons

# DETAILED INFORMATION

---

## Walk Through Description

---

The teak aft deck is easily accessible through doors on either side. It is fully enclosed with a hinged table on the transom extending your living and entertaining space to the outdoors. As you enter through the double sliding wooden door through the bulkhead all you will think is WOW! Bigger than it looks on the outside the openness will take you by surprise. The salon is full-beam and spacious with its aft placement. It has two loungers to starboard, a convertible U-shaped settee and hi-lo drop leaf dining table to port. Large screened sliding windows provide ample natural light and ventilation. Removable hatches in the salon open providing easy access to the engine room for daily checks and maintenance. The U-shaped galley is to port with a new refrigerator, ample storage and counter space, a sliding window, and screened hatch overhead. The galley is open between the upper and lower cabinets to the salon for an open feel. To the starboard is the head with stall shower, electric flush toilet and mirrored sink and vanity. There is a screened sliding window and screened hatch overhead for added light and ventilation. As you head forward to the stateroom there is one small step. Once you enter you will be met a center-line berth with a custom hinged mattress. It is flanked by built in nightstands and seats. It is well lit with four opening port-lights, a screened hatch overhead, and a lighted and mirrored vanity aft to starboard. Storage is not lacking with an over-sized L-shaped storage locker aft to port. The unique shape of the hull allows for a roomy feel. Back on the "back porch" you will find a six-step ladder to starboard that leads through a hatch to the top deck. Immediately aft you will find the Magma grill, dinghy chocks, aluminum folding mast (making boat 23' when up and 15' when down), boom, and mechanical winch. As you continue forward there is a hardtop pilot house easily accessible from either side with forward facing windshield and new canvas surrounds making it comfortable in all weather conditions. The flybridge pilot house features the helm station and helm seat forward and a u-shaped, cushioned bench with dining table to aft. Through the centerline hinged windshield you gain direct access to the foredeck. The steps have a custom cushion doubling as additional seating. To the port and starboard of the steps there are hatches that access spacious storage areas that pass through to cabinets beneath the helm. On the forward deck there is an electric windlass with two anchors.

## Galley

---

- U-Shaped Galley
- Force-10 three burner propane stove with oven and boiler
- Norcold AC/DC refrigerator with freezer - installed Feb 2017
- Marinetics propane gas control panel
- Kenmore microwave oven

- Double stainless steel sink
- Electric hot water heater with engine recirculation
- Pressure and dockside fresh water systems
- General Ecology water purification system

---

## Electronics

---

- Furuno model 1832 - 0.125nm-35nm range CRT radar
- Raymarine Axiom 12" multifunction display w/navionics North America charts - Installed May 2017
- Raymarine EV200 Autopilot and wireless remote controller - Installed May 2017
- Data Marine LX-300 digital depth sounder
- Standard GX220 black w/AIS w/ interface to multifunction display- Installed May 2017
- Standard GX1600 black - installed May 2017
- Vizio 32" color HDTV with remote
- Alpine MDX55 AM/FM/CD stereo receiver
- Ritchie compass

---

## Electrical

---

- Onan 8kw generator with 1600 hours
- Batteries - replaced 2015 & 2017
- Heart 2500W inverter / 130A battery charger
- Heart Interface Link 2000 monitor panel
- Xantrex TrueCharge multi-stage battery charger
- Twin 30A/125V shorepower hookups
- 110V AC and 12V DC electrical systems

---
