## Overview

---

There are more cubic feet of livable interior space in this 25 Express than in Express Cruisers two feet longer. It's lighter, brighter and airier than any conventional trailerable cruiser. The large, windowed main cabin offers a comfortable dining area that converts to an oversized berth. There's a full standup head compartment, and the galley is complete with stove, sink with pressurized water, refrigerator, microwave and Corian countertop. The mid-cabin comfortably accommodates children or adults in the large berth. All this in a 25-foot trailerable cruiser that offers the highest level of standard equipment, equipment you would pay for as options on similar cruisers. The stand-up head compartment contains an integrated sink with hot and cold pressurized water, generous storage and a standard VacuFlush head.
