SPECIFICATIONS

Overview

This 36 Convertible has been painstakingly cared for professionally since the current owners purchased her in 1997. She is moored under cover and cared by monthly. Her gelcoat shines. A very beautiful lady in deed. Every major system, including the engines have been rebuilt, refurbished or replaced. Engines were overhauled by RING POWER IN 2007 and have had regularly schedule major maintenance performed by RING in 2014 and 2016. A **new** ONAN 9kW diesel generator was installed in 2014 and currently has less than 100 hours. At the time the generator was installed a new custom built genset control panel was installed. Boat was last hauled and bottom painted and the hull was detailed in July 2017. Dripless shaft logs. Please see the entire list of updates in Additional Information.

Basic Information

Category: Cruiser

Model Year: 1994

Year Built: 1994

Country: United States

Damage Disclosure

In August 2012, one of the AC units sustained an electrical fire that was self contained. This smoldered but did not flame and extinguished on it's own. The resulting smoldering caused damage to the interior soft goods in the boat saloon area. The structural damage was limited to two galley floor supports that were charred and were replaced. One AC unit was replaced along with AC raw water discharge circulating hose and the damaged AC unit electrical wiring.
