SPECIFICATIONS

Overview

This well cared for 36' Dakota Center Console is a spectacular deal. Re-powered with 2008 Mercury Opti-Max she is a high performance fisherman's dream. There are 2 generous live wells, huge fish boxes, tons of rod holders, and a full rigging station located on the transom. The large size and ample dead rise give this boat a nice comfortable ride in sloppy conditions. If cruising is more your style there is more than enough room for all of your friends. The boat is finished off with a complement of electronics including GPS plotter, sounder and VHF radio.

Basic Information

BROKER'S COMMENTS

This lift-kept Dakota 360 was sponsored in tournaments by major marine entities and was maintained and kept to impress the sportsman. She has all the features, and more, for serious fishing by professionals or the weekend angler.

The engines, electrical panels and many soft goods were updated a few years ago and still look great.

This is a one owner boat. The owner had it custom built and rigged for tournament fishing?

There is no trailer.

Exclusions

Owner's personal belongings.
